A3: A zero export quota for wild specimens traded for commercial purposes, except for specimens from the population of Saiga tatarica of Kazakhstan under the following conditions:

- a) Trade in only government owned whole horns, originating in Kazakhstan, stockpiled and marked in accordance with marking and traceability requirements developed by Kazakhstan;
- b) Prior verification by the Secretariat and Kazakhstan, in consultation with the Standing Committee through its Chair, that sufficient control mechanisms and traceability systems are already in place in Kazakhstan and trade partners;
- c) Kazakhstan supervises the first shipment to each new trading partner to ensure the marking and traceability systems are in place and working adequately; and
- d) Limited to a total amount of 30 tons until CoP21 to be reviewed in order to determine a potential for further trade based on a revised proposal

On a proposal from the Secretariat, the Standing Committee can decide to cause this trade to cease partially or completely in the event of non-compliance by exporting or importing countries, or in the case of proven detrimental impacts of the trade on the saiga population.
