### **Internal Audit Section (IAS)**

The audit firm is to coordinate with the audit efforts of IAS to maximize the effectiveness of audit services to the MMA. Coordination does not, however, change the traditional role of either internal or external auditors. IAS provides services to the Bank that is broader than financial auditing, including operational audits and systems reviews. Thus, IAS has an in-depth operational knowledge that is invaluable when considering the potential impact of the results of nonfinancial audits on the financial statements. The external audit, on the other hand, focuses primarily on providing assurances as to the integrity of the MMA's financial statements. As independent accountant, the audit firm has the responsibility for determining the nature and extent of auditing procedures to be performed in order to report on the financial statements.

### **Accounts and Finance Section (AFS)**

The Accounts and Finance Section conducts and controls all financial operations and transactions of the Bank and is the primary contact for the audit firm. This Section effects and controls expenditures under the administrative and capital budgets, and has the responsibility for the maintenance of, and control over, the Bank's accounts and financial records. AFS has the responsibility to prepare and provide schedules for the year-end audit of the MMA's financial statements.

### **IV. Description of Required Services**

The audit firm will perform comprehensive and adequate audit procedures, as required by International Standards on Auditing (ISA), to enable it to express an opinion on the financial statements of the MMA as to whether the statements fairly present the MMA's financial position and the results of its operations. To achieve this objective, the audit firm will examine the Bank's accounting records and other supporting documents, and develop an audit plan and procedures to be performed. The suggested format for the audit opinion on the financial statements is shown in Box 1.

The audit firm shall review the Bank's Annual Report before its publication against the audited financial statements to ensure that information presented in the Annual Report is consistent with the figures presented in the audited financial statements and in the accompanying notes and schedules in accordance with ISA.

In carrying out their assignments the staff of the audit firm will exercise the utmost discretion regarding all matters of official MMA business and will not communicate to any person or entity any information known to them by reason of this audit engagement, except with the prior approval of the MMA.

**Organization of the Proposal**

Responses should contain the sections described below. Responses that fail to adhere to or comply with the following format will not be considered.

**1. Section I: Cover Letter**

Section I, Cover Letter, must be signed by a person or persons authorized to submit the proposal and must delineate the representing firm's ability to fulfill the tasks outlined in the Statement of Work.

The cover letter must clearly identify the Offeror and indicate specific points of contact for discussions and clarifications of the proposal. Such points of contact will include names, titles, address (including email, if available), telephone, and facsimile numbers. A statement as to whether or not a conflict of interest might exist through the engagement of the firm for this work should be supplied in this section.

The cover letter must explicitly indicate if the Offeror does, or does not accept the MMA's standard contractual terms and conditions as identified in the RFP. In the event that the Offeror does not accept or wishes to discuss alternative terms and conditions, the Offeror must explicitly indicate which items are not accepted and propose specific alternative language as appropriate.

**Request for a Logo and Graphic/Visual Design**

Date: November 18, 2009

No: MPAO/I/2009/14

**1. Background**

The Maldives Pension Administration Office (MPAO) was established by the Maldives Pension Act 8/2009 (the "Act") as a separate legal entity on 13 May 2009. The Office's objectives are to establish and operate a retirement pension scheme based on contributions from both employers and employees and to establish and operate other pension schemes funded by the government budget.

The main functions of the Pension Office are the:

1. Administration of the pension schemes established under the Act;
2. Provision of the Maldives Retirement Pension;
3. Disbursement of the Maldives Old-Age Basic Pension;
4. Formulation of regulations, standards and guidelines to operate the pension schemes established under this Act;
5. Creation of public awareness on the pension schemes established under this Act; and
6. Other duties as may be necessary to discharge the functions under the Act.

**2. Purpose for this Request for Proposal**

As a new administrative body, the MPAO requires a graphic/visual identity that includes both a logo as well as style and design templates for the following products: letterhead, a business card, a Powerpoint presentation, a report and a website. Graphic/visual branding will be used for all internal and public documents issued by the MPAO.

**3. Requirements for the Request for Proposal**

To best identify and brand the MPAO, each design company is requested to provide a logo with style and design templates for letterhead, a business card, a Powerpoint presentation, a report and a website by the required deadline (see #8).

**a. Logo Requirements:**

- The logo size must not be less than 130 x60 pixels.
- The logo should be vector-based.
- Not more than three colours should be used.

**4. Design Concepts**

- The design of the logo and the templates should reflect the concepts on which the MPAO is based: trust, security and a safety net.
- The design of the logo and the templates should be visually attractive and distinguished.
- The design of the logo may use the acronym of the 'Maldives Pension Administration Office' (ie. MPAO) or part of the name, but it is not a necessity.
- Conceptual objects can be used to better reflect the Office on the logo. Typographic logo designs can be also used.

**5. Assessment of Bids**

- Proposals must identify the qualifications and experience of the designer(s) and the firm (if applicable).
- Logos and style/design graphics showing a more distinct design will be more highly considered.
- The creativity of the logo and the style/design template will be highly considered.
- Best value for money is also a criterion.
- Points will be awarded for each factor. The company with the most number of points will be the successful bidder.

**6. Delivery Method**

- All logos and graphics must be copied to a compact disk in either .tiff or other form with a transparent background.
- With the submission of the logos and the designs, the designers should submit a coversheet with the designer's name, contact details and an e-mail address, price, along with a brief written explanation of the concepts used in the logo and the graphic designs.
- The cover sheet must detail the colours and the font used in the logo and visual designs.

**7. Pricing**

The price of the logo and the style and design templates should not exceed more than Rf 9000.

**8. Deadline**

All designers must submit 1) the logo, 2) the style and design templates for letterhead, a business card, a Powerpoint presentation, a report and a website and 3) a quoted price for each grouping before 07 December 2009 at 16:00 hours to the Maldives Pension Administration Office at Ameenee Magu 20379, Male', Maldives.
