**Ministry of Fisheries, Marine Resources, and Agriculture**

Male', Republic of Maldives

# **Ministry of Fisheries, Marine Resources, and Agriculture**

## **Terms of Reference for Consulting Services**

for

**Gender, Nutrition and Social Inclusion Officer**

**Terms of Reference (TOR)**  
**Gender, Nutrition and Social Inclusion Officer**

**1. Client**

- 1.1. The client for this assignment is Project Implementation Unit (PIU) under Ministry of Fisheries, Marine Resources and Agriculture (MoFMRA).

**2. Background on project**

- 2.1. The Government of Maldives (GoM) through the Ministry of Fisheries, Marine Resources and Agriculture (MoFMRA) is implementing the Maldives Agribusiness Programme (MAP), which is jointly financed by GOM and International Fund for Agriculture Development (IFAD). The Project Implementation Unit (PIU) set-up within the MoFMRA will manage the Program in accordance with the guidelines provided by the design report, implementation manual and under the guidance of the project steering committee and IFAD supervision missions.
- 2.2. The main aim of MAP is to enable small farmers in the Program area to sustainably enhance their production levels, increase income, secure food and nutrition for their household demands and deliver produce to connected markets.
- 2.3. The Programme will be of nation-wide scale, covering all regional and sub-regional hubs, clusters and islands where agriculture is undertaken by small farmers. The main Programme hubs for Programme activities are in region 1-3 are Haa Alif Hoarafushi for region 1. Haa Dhaalu Vaikaradhoo for region 2, and Shaviyani Milandhoo for region 3. Each of these hubs will serve 8, 9 and 9 inhabited agriculture islands respectively. Specifically, under different technical components:
- 2.4. Component 1 of Enabling policy, institutions and services will be nationwide in scope covering all 19 atolls, 21 regions covering 188 inhabited islands of these 98 are inhabited where agriculture is practiced on around 800 registered hectares. Also belonging to the Programme area are 50 uninhabited islands leased for commercial agricultural purposes, with a total of 956 hectares of land of which 24 islands are actively doing agriculture on 582 hectares of land.
- 2.5. Component 2 of Climate smart production will initially focus on region 1-3, covering 3 atolls and 40 inhabited islands. Of these, 26 are inhabited agriculture islands with 280 hectares of registered land cultivated by 2,150 registered farmers, and 85 hectares cultivated by 645 non-registered farmers. Within this production area there are 6 active commercial islands cultivating a total of 250 hectares.

- 2.6. Component 3 of Market connection will initially focus on regions 1-3 during the first two years and then expand to regions 4-7 and eventually cover the whole country.

### 3. Overall objectives

- 3.1. **The programmer's goal** is to sustainably increase the incomes, food security and nutrition status of small farmer households.
- 3.2. **The development objective** is to strengthen and enable the environment for sustainable and climate-resilient agriculture. This objective will be achieved through policy refinement, strengthened institutions and services, enhanced agricultural technologies and better access to financing and markets for small farmer households.

### 4. Objectives of the assignment

- 4.1. The Project Implementation Unit wishes to contract a Gender, Nutrition and Social Inclusion Officer. The Gender, Nutrition & Social Inclusion Officer is expected to work on the implementation of Gender, Youth and Nutrition Strategy and Action plan in the identified project areas. The consultant should formulate a plan that would explain how the gender, youth, nutrition, targeting and inclusion objectives of the project are successfully achieved by the end of the project.

### 5. Scope of work

- 5.1. The overall responsibilities of the Gender, Nutrition and Social Inclusion Officer include, but are not limited to the following:
- 5.1.1. Based on developed Gender, Youth and Nutrition strategy and action plan start implementation in the identified project areas
  - 5.1.2. Integrate gender and nutrition indicator in all project activities
  - 5.1.3. Providing information regarding Agriculture business strategy, and income generation programmes to the farmers and vulnerable groups in project islands.
  - 5.1.4. Work with the technical managers in the PIU to critically review project design to establish how each component or Sub-component addresses gender, nutrition and social inclusion, and identify opportunities for strengthening their implementation
  - 5.1.5. Provide oversight to the gender/social change program components at the county level, including undertaking field visits to oversee implementation and generate field visit reports.
  - 5.1.6. Support in the monitoring of project activities to ensure they are inclusive and support reflection and adaptation to improve inclusion as required.

- 3 | 6

- 5.1.22. Assess the risk that the project potentially limits women's ability to access and participate in project's activities
- 5.1.23. Develop a monitoring plan of key gender indicators for MAP for each component and log frame of MAP
