# STANDARDS FOR VEHICLES THAT TRANSPORT WASTE

## WASTE MANAGEMENT REGULATION 2013/R-58

- Waste will need to be covered by a waterproof tarp or equivalent covering at all times during transport.
- Vehicles specific to carrying waste should not use materials such as a loose sheets/pallets as siding.
- Vehicles that transport dusty/muddy/wet waste, construction debris or soil should be designed as such that there is no leakage onto the road during transport.

**After 1st May 2018 Action will be taken against violators of this standard**

To report vehicles that are in violation of these guidelines please send a picture of the vehicle with the license plate number to [waste@epa.gov.mv](mailto:waste@epa.gov.mv)
