REQUEST FOR PROPOSALS ON

ICT Management Consultancy Service to support operations of the Ministry of Transport and Civil Aviation. (Developer)

Reference number: (IUL)472/472/2023/35

Date: 14 June 2023

SECTION 1

1. INTRODUCTION

Due to Decentralization Act 7/2010 (Section 75), states that the revenue earned from various fees, the beneficiary must be the Island or the Atoll council. To implement this, the previous practices of the fees being charged for various registration and license fees in respect of Sea and Land Transportation now must be benefitted to the relevant Atoll or the Island Council. Administering this fee via Ministry of Transport and Civil Aviation in transferring to City, Atoll and Island council requires a sophisticated software to be designed, developed and implemented. The Ministry of Transport and Civil Aviation being the leading agency in arranging this fee transfer that are relevant to Atoll and Island council is now in the software implementation stage.

2. HIRING OFFICE

Ministry of Transport and Civil Aviation (MoTCA)

3. PURPOSE OF CONSULTANCY

Ministry of Transport and Civil Aviation is seeking well-qualified and experienced ICT and Management Consultancy service provider to work closely and assist the in-house IT section as a Full Stack Developer. The Full Stack Developer is responsible for designing, developing, and maintaining web-based applications and systems. This includes working with stakeholders to understand their needs and requirements, and then designing, developing, and testing the applications to meet those needs. The Full Stack Developer is also responsible for maintaining the underlying infrastructure and ensuring that the applications are integrated with other systems. This role requires a wide range of skills and experience in both front-end and back-end development.

SCOPE OF WORK (Description of services, activities, or outputs)

Scope and diversity of assignment:

- Work with stakeholders to understand their needs and requirements
- Design, develop, and test web-based applications and systems
- Maintain the underlying infrastructure
- Ensure that applications are integrated with other systems
- Meet the organization's security and performance standards
- Stay current with new technologies and best practices related to web development
- Develop and maintain new and existing web applications using Laravel Framework
- Write clean, efficient, and well-documented code
- Collaborate with other developers and stakeholders to design and implement new features
- Troubleshoot and debug any issues that arise in the application

4. TIME FRAME

One year (Renewable contract based on performance).

5. WORK HOURS

Working hours in Ministry of Transport and Civil Aviation in Male' shall be 08:00 to 14:00 from Sunday to Thursday excluding the Government holidays.
