

ASSESSMENT TOOLS FOR CHILD DEVELOPMENT CENTER

SPECIFICATION SHEET

No.	Item Details	UoM	Qty	Additional Description	Picture	Product Link
1	CHILDHOOD AUTISM RATING SCALE™, SECOND EDITION (CARS-2)	NOS	1	The CARS-2 is an update of the Childhood Autism Rating Scale (CARS), an older and widely-used rating scale for autism.		https://www.pearsonassessments.com/store/usassessments/en/Store/Professional-Assessments/Behavior/Childhood-Autism-Rating-Scale-%7C-Second-Edition/p/100000164.html
2	SEGUIN FORM BOARD TEST (SFBT)	NOS	1	The Seguin Form Board Test is based on the single factor theory of intelligence, which measures speed and accuracy. It is useful in evaluating a child's eye-hand coordination, shape-concept, visual perception and cognitive ability. The test is primarily used to assess visuo-motor skills.		https://prasadspsycho.com/product/seguin-form-board-test-sfbt-3-to-15-years/
3	CHILDREN'S APPERCEPTION TEST (CAT)	NOS	1	This projective technique presents situations of special concern to children. It consists of 10 animal pictures in a social context involving the child in conflict, identities, roles, family structures, and interpersonal interaction. The supplement (CAT-S) presents children with common family situations (i.e., prolonged illness, physical disability, mother's pregnancy, separation of parents).		https://www.parinc.com/Products/Pkey/45
4	CHILDREN'S INVENTORY OF ANGER (CHIA)	NOS	1	The Children's Inventory of Anger (ChIA) provides a quick measure of anger provocation and intensity from the child's perspective.		https://www.mindresources.com/psychology/050460
5	COMPREHENSIVE TEST OF NONVERBAL INTELLIGENCE (CTONI-2) SECOND EDITION	NOS	1	The CTONI-2 is a popular norm-referenced test that uses nonverbal formats to measure general intelligence of children and adults whose performance on traditional tests might be adversely affected by subtle or overt impairments involving language or motor abilities.		https://www.proedinc.com/Products/13015/ctoni2-comprehensive-test-of-nonverbal-intelligence-second-edition.aspx
6	PEABODY DEVELOPMENTAL MOTOR SCALES, SECOND EDITION (PDMS-2)	NOS	1	Peabody Developmental Motor Scales Second Edition (PDMS-2) combines in-depth assessment with training or remediation of gross and fine motor skills of children from birth through 5 years.		https://www.pearsonassessments.com/store/usassessments/en/Store/Professional-Assessments/Motor-Sensory/Peabody-Developmental-Motor-Scales-%7C-Second-Edition/p/100000249.html?tab=product-details
7	BOT-2: BRUININKS-OSERESTKY TEST OF MOTOR PERFORMANCE, 2ND ED.	NOS	1	Includes Manual (Print), Supplemental Manual (Print), Administration Easel (Print), 25 Record Forms (Print), 25 Examinee Booklets (Print), Scoring Transparency (Print), Blocks with String, Penny Box, Penny Pad, Plastic Pennies, Peg Board and Pegs, Red Pencil, Scissors, Target, Tennis Ball, Shape Cards		https://www.pearsonassessments.com/store/usassessments/en/Store/Professional-Assessments/Motor-Sensory/Bruininks-Oseretsky-Test-of-Motor-Proficiency-%7C-Second-Edition/p/100000648.html?tab=overview
8	DTVP-2: DEVELOPMENTAL TEST OF VISUAL-PERCEPTION, 2ND ED.	NOS	1	Includes Examiner's Manual; Picture Book; 25 Examiner Record Forms; 25 Response Booklets; Copying Subtest Scoring Template; Online Scoring and Report System; in a storage box		https://www.wpspublish.com/dtvp-a-2-developmental-test-of-visual-perception-adolescent-and-adult-second-edition.html
9	GMFM: GROSS MOTOR FUNCTION MEASURE	NOS	1	Gross Motor Function Measure (GMFM-66 & GMFM-88) User's Manual (Clinics in Developmental Medicine) 3rd Edition		https://www.amazon.com/Function-Measure-GMFM-66-Developmental-Medicine-dp-1911612492/dp/1911612492/ref=mt_other?_encoding=UTF8&me=&qid=
10	PEDIATRIC EVALUATION OF DISABILITY INVENTORY (PEDI)	NOS	1	Assess key functional capabilities and performance in children ages six months to seven years with this practical resource. Use it to evaluate older children whose functional abilities are lower than those of seven-year-olds without disabilities.		https://www.pearsonassessments.com/store/usassessments/en/Store/Professional-Assessments/Developmental-Early-Childhood/Pediatric-Evaluation-of-Disability-Inventory/p/100000505.html

11	KAUFMAN SPEECH PRAXIS TEST	NOS	1	The Kaufman Speech Praxis Test (KSPT) is a norm-referenced, diagnostic test assisting in the identification and treatment of childhood apraxia of speech. Easy to administer and score. KSPT measures a child's imitative responses to the clinician, identifies where the speech system is breaking down, and points to a systematic course of treatment.		https://www.northernspeech.com/speech-sound-disorders/kaufman-speech-praxis-test-kspt/
12	GOLDMAN-FRISTOE TEST	NOS	1	Goldman-Fristoe Test of Articulation 2 (GFTA-2) is the most popular articulation test available for individuals from early childhood to adult.		https://www.pearsonassessments.com/store/usassessments/en/Store/Professional-Assessments/Speech-%26-Language/Goldman-Fristoe-Test-of-Articulation-2-/p/100000079.html
13	PRE-SCHOOL LANGUAGE SCALE - FIFTH EDITION	NOS	1	PLS™-5 Preschool Language Scales Fifth Edition offers a comprehensive developmental language assessment with items that range from pre-verbal, interaction-based skills to emerging language to early literacy.		https://www.pearsonassessments.com/store/usassessments/en/Store/Professional-Assessments/Speech-%26-Language/Preschool-Language-Scales-%27C-Fifth-Edition/p/100000233.html
14	KHAN LEWIS PHONOLOGICAL ANALYSIS	NOS	1	The new Khan-Lewis Phonological Analysis Third Edition (KLP-A-3) works with Goldman-Fristoe 3 to help determine if use of phonological processes are contributing to an individual's speech sound disorder.		https://www.pearsonassessments.com/store/usassessments/en/Store/Professional-Assessments/Developmental-Early-Childhood/Khan-Lewis-Phonological-Analysis-%27C-Third-Edition/p/100001242.html
15	BEHAVIOUR RATING INVENTORY OF EXECUTIVE FUNCTION, SECOND EDITION (BRIEF-2)	NOS	1	Screens for impairment of executive function in children and adolescents ages 5-18 years (parent and teacher forms) and ages 11-18 years (self-report form)		https://www.parinc.com/products/pkev/24
16	DEVELOPMENTAL ASSESSMENT OF YOUNG CHILDREN-SECOND EDITION - DAYC-2	NOS	1	The Developmental Assessment of Young Children Second Edition (DAYC-2) is a popular test used to identify children with possible delays in five different domains.		https://www.pearsonassessments.com/store/usassessments/en/Store/Professional-Assessments/Developmental-Early-Childhood/Developmental-Assessment-of-Young-Children-%27C-Second-Edition/p/100000730.html
17	CAAP-2 (CLINICAL ASSESSMENT OF ARTICULATION AND PHONOLOGY - 2ND EDITION)	NOS	1	Provides an assessment of articulation and phonology that virtually eliminates the need for phonetic transcription		https://www.wpspublish.com/caap-2-clinical-assessment-of-articulation-and-phonology-second-edition.html
18	PARENTING STRESS INDEX™, FOURTH EDITION SHORT FORM (PSI-4-SF)	NOS	1	The PSI-4 is a 120-item inventory that focuses on three major domains of stress: child characteristics, parent characteristics, and situational/demographic life stress.		https://www.parinc.com/Products/Pkev/335
19	PRAGMATIC LANGUAGE SKILL INVENTORY	NOS	1	The Pragmatic Language Skills Inventory (PLSI) is an easy-to-use, norm-referenced rating scale designed to assess children's pragmatic language abilities. Its 45 items can be administered in only 5-10 minutes.		https://www.proedinc.com/Products/11365/plsi-pragmatic-language-skills-inventory.aspx
20	TEST OF PRAGMATIC LANGUAGE	NOS	1	Evaluates social communication in context, telling you how well students listen, choose appropriate content, express feelings, make requests, and handle other aspects of pragmatic language		https://www.wpspublish.com/top1-2-test-of-pragmatic-language-second-edition
21	BANKSON LANGUAGE SCREENING TEST (BLST)	NOS	1	Surveys psycholinguistic and perceptual skills: semantic knowledge, morphological rules, syntactic rules, visual perception, auditory perception		https://www.gyanbooks.in/index.php?p=sr&format=fullpage&field=bookcode&String=11110227512548&Book=Bankson%20language%20screening%20test

22	COM DEALL DEVELOPMENTAL CHECKLIST (INDIAN)	NOS	1	The CDDC manual consists of checklists covering eight developmental domains for children in the age range of 0 to 6 years. These have been field tested on urban Indian children from middle class backgrounds and can be used as a screening measure for identification of developmental delays in specific areas.		https://www.communicationdeall.com/manuals
23	MANIPAL MANUAL OF ADOLESCENT LANGUAGE ASSESSMENT (INDIAN)	NOS	1	Manipal Manual of Adolescent Language Assessment has been developed as an assessment tool to identify subtle semantic and morphologic language deficits in both auditory and visual modalities in adolescents with language disorders. This manual also intends to provide a strong theoretical background of adolescent language development and disorders.		https://www.amazon.com/Manipal-Manual-Adolescent-Language-Assessment/dp/9382460330
24	TEST OF EARLY LANGUAGE DEVELOPMENT	NOS	1	The TELD-4 is a highly reliable and valid measure of spoken language in children ages 3 years 0 months through 7 years 11 months. Like the previous edition, the test yields Receptive Language and Expressive Language subtest index scores, as well as a Spoken Language index score.		https://www.proedinc.com/Products/14645/teld4-test-of-early-language-developmentfourth-edition.aspx
25	COMPUTERIZED ARTICULATION AND PHONOLOGY EVALUATION SYSTEM	NOS	1	Ages: 2 years to any age (if intelligibility is an issue); Normative data provided for Ages 3-0 to 8-0 Testing Time: 15-20 minutes (comprehensive); 2-5 minutes (screening) Administration: Individual		https://www.proedinc.com/Products/11550/happ3-hodson-assessment-of-phonological-patternsthird-edition.aspx
26	CHILDREN'S SPEECH INTELLIGIBILITY MEASURE	NOS	1	Designed to provide clinicians with an objective measure of single-word intelligibility of children ages 3.0 to 10.11 whose speech is considered unintelligible. It can be used to establish baseline information regarding intelligibility and to monitor progress during the course of phonological treatment.		https://www.worldcat.org/es/title/42657884
27	PRE-READING INVENTORY OF PHONOLOGICAL AWARENESS	NOS	1	Age range: 3 years 6 years 11 -months Qualification level: B Year: 2000 Administration time: 30 minutes Administration type: Individual PIPA is a phonological awareness test that has been developed in the UK with norms for both UK and Australian populations.		https://www.pearsonclinical.com.au/products/view/148
