Faculty of Engineering, Science and technology - Part-Time Lecturers Request

Department of Environment and Natural Science

#	Subject Code	Subject name	Course	Campus	Requirement for the lecturer
1	GEO503	Geoinformatics for Disaster Management	Master of Geospatial Technologies for Disasters	Male'	Mater Degree or Above in a related Field
2	GEO505	Remote Sensing for Disaster Management	Master of Geospatial Technologies for Disasters	Male'	Mater Degree or Above in a related Field
3	CPT601	Disaster Modelling and Simulation	Master of Geospatial Technologies for Disasters	Male'	Mater Degree or Above in a related Field

Department of Computer Science

#	Subject Code	Subject name	Course	Campus	Requirement for the lecturer
1	CPT023	Fundamentals of Programming	Advance Certificate in Information Technology	Male'	Bachelor Degree in Information Technology/Computer Science or higher
2	CPT231	Helpdesk and Service Provision	Bachelor of Information Technology	Male'	Bachelor Degree in Information Technology/Computer Science or higher
3	BIS101	Information Systems	Advance Certificate in Information Technology	Male'	Bachelor Degree in Information Technology/Computer Science or higher
4	CPT111	Introduction to programming	Bachelor of Computer Science / Bachelor of Information Technology	Male'	Bachelor Degree in Information Technology/Computer Science or higher
5	CPT339	Logical & Physical Database design	Bachelor of Information Technology	Male'	Bachelor Degree in Information Technology/Computer Science or higher
6	CPT239	Operating Systems	Bachelor of Information Technology	Male'	Bachelor Degree in Information Technology/Computer Science or higher
7	CPT117	Visual Basic Programming	Bachelor of Information Technology	Male'	Bachelor Degree in Information Technology/Computer Science or higher
8	CPT023	Fundamentals of Programming	Advance Certificate in Information Technology	HC	Bachelor Degree in Information Technology/Computer Science or higher
9	CPT015	IT Essentials	Advance Certificate in Information Technology	HC	Bachelor Degree in Information Technology/Computer Science or higher
10	CPT149	Introduction to Networking	Bachelor of Information Technology	HC	Bachelor Degree in Information Technology/Computer Science or higher
11	CPT111	Introduction to programming	Bachelor of Information Technology	HC	Bachelor Degree in Information Technology/Computer Science or higher
12	CPT117	Visual Basic Programming	Bachelor of Information Technology	HC	Bachelor Degree in Information Technology/Computer Science or higher
13	CPT231	Helpdesk and Service Provision	Bachelor of Information Technology	HC	Bachelor Degree in Information Technology/Computer Science or higher
14	CPT113	Multimedia Technology	Advance Certificate in Information Technology	HC	Bachelor Degree in Information Technology/Computer Science or higher
15	CPT245	Software Engineering	Bachelor of Information Technology	HC	Bachelor Degree in Information Technology/Computer Science or higher
16	CPT149	Introduction to Networking	Bachelor of Information Technology	KC	Bachelor Degree in Information Technology/Computer Science or higher
17	CPT111	Introduction to programming	Bachelor of Information Technology	KC	Bachelor Degree in Information Technology/Computer Science or higher
18	CPT117	Visual Basic Programming	Bachelor of Information Technology	KC	Bachelor Degree in Information Technology/Computer Science or higher
19	CPT023	Fundamentals of Programming	Advance Certificate in Information Technology	KC	Bachelor Degree in Information Technology/Computer Science or higher
20	CPT015	IT Essentials	Advance Certificate in Information Technology	KC	Bachelor Degree in Information Technology/Computer Science or higher
21	CPT023	Fundamentals of Programming	Advance Certificate in Information Technology	TC	Bachelor Degree in Information Technology/Computer Science or higher

22	CPT015	IT Essentials	Advance Certificate in Information Technology	TC	Bachelor Degree in Information Technology/Computer Science or higher
23	CPT103	Applications Development	Advance Certificate in Information Technology	TC	Bachelor Degree in Information Technology/Computer Science or higher
24	BIS101	Information Systems	Advance Certificate in Information Technology	TC	Bachelor Degree in Information Technology/Computer Science or higher
25	CPT113	Multimedia Technology	Advance Certificate in Information Technology	TC	Bachelor Degree in Information Technology/Computer Science or higher
26	CPT023	Fundamentals of Programming	Advance Certificate in Information Technology	GC	Bachelor Degree in Information Technology/Computer Science or higher
27	CPT015	IT Essentials	Advance Certificate in Information Technology	GC	Bachelor Degree in Information Technology/Computer Science or higher
28	CPT023	Fundamentals of Programming	Advance Certificate in Information Technology	FVM	Bachelor Degree in Information Technology/Computer Science or higher
29	CPT015	IT Essentials	Advance Certificate in Information Technology	FVM	Bachelor Degree in Information Technology/Computer Science or higher
		Department of Architecture			
1	ARC103	Architectural Communications 2	Bachelor of Architectural Design	Male'	Bachelor of Degree or Above in a related Field
2	ARC205	Architectural Communications 4	Bachelor of Architectural Design	Male'	Bachelor of Degree or Above in a related Field
3	ARC105	Architectural Technologies 1	Bachelor of Architectural Design	Male'	Bachelor of Degree or Above in a related Field
4	BES317	Professional Practice 3	Bachelor of Architectural Design	Male'	Bachelor of Degree or Above in a related Field
5	ARC107	Architectural Design Project 2	Bachelor of Architectural Design	Male'	Bachelor of Degree or Above in a related Field
6	ARC307	Architectural Design Project 6	Bachelor of Architectural Design	Male'	Bachelor of Degree or Above in a related Field
