Male' Greening Project

Background

Ministry of Environment and Energy together with the support from Ministry of Housing and Infrastructure is implementing a project on greening of the capital island, Male'. The objective of the project is to plant new trees on the newly constructed Male' Ring Road, Boduthakurufaanu Magu and upcoming landscaping of Artificial Beach. The project aims to increase the vegetation cover of these sites with native and rare plants that will contribute to the biodiversity conservation of the Maldives.
