1. BACKGROUND

The new National Curriculum Framework (NCF) was developed with the intention of providing an excellent educational foundation on which individual, community, and national development can be built (National Curriculum Framework, 2014). Hence, the NCF is the blueprint seeking to organize the national education system; it is, in some estimations, the most important policy framework endeavoring to structure and validate achievement in the Maldives.

The National Curriculum (NC) aims to build knowledgeable future generations, possessing the skills, values, and attitudes needed to be successful in both the Maldives and in the global community (National Curriculum Framework, 2014). Furthermore, NC also seeks to encourage the development of eight Key Competencies, across 8 Key Learning Areas: Islam and Spirituality; Language and Communication; Mathematics; Environment, Science, and Technology; Health and Wellbeing; Social Sciences; Creative Arts; and Entrepreneurship.

One of the main aims identified in the new National curriculum framework is to bring about a pedagogical shift, to infuse 21st Century modern teaching pedagogies into classroom practice. This would pave the road towards realization of the vision “prepared for life”.

Using the NCF as a basis, the syllabus statements were developed for each key learning area incorporating the cross-cutting key competencies. In addition to this, curriculum support materials for students and teachers were developed.

The new curriculum was rolled in the following order:

- Foundation stage and Key stage 1 – 2015
- Key stage 2 - 2016
- Key stage 3 – 2017
- Key stage 4 – 2018

As part of Ministry of Education (MOE) and National Institute of Education (NIE) mandate, it is a must provide textbooks to students in order to support schools in implementing the curriculum. In this regard, textbooks receive more professional attention as well as greater deal of systematic

discussion than any other educational materials.

With respect to this, textbooks required for education shall be provided by the Ministry free of charge to school children (Education Act, 2020). As NIE is currently not in a position to design and develop printed textbooks and Teacher guides in the pace required for smooth implementation, phase, MOE, NIE sought help from an international publishing house to develop Student Textbooks, Teacher guides during the entire implementation phase. This project was carried out by the publishing house with regular consultations and communication in different modes, (face to face and online) with the curriculum developers at NIE and has finally ended in Dec 2022.

2. Objective

This project intends to do the illustrations and the Layout work of the Textbooks of Grade 4.

3. SCOPE OF THE WORK

3.1. Illustrations and the Layout work of the Text Books

To do the illustrations and the Layout work of the text books listed below meeting the Print Approval standard of the National Institute of Education (NIE), from among the list of textbooks needed to implement the National Curriculum.

#	Grade	Title of the Book	Pages
1	4	Exploring Social Studies	230
