Male', Republic of Maldives

Clarification 1:

Project Name: Supply, Installation and Commissioning of a Weighbridge at Vandhoo Regional Waste Management Facility – 4th Tender

Invitation Number: (IUL)438-MCEP/438/2024/1

Date: 31st January 2024,

Sr No	Reference	Question	Reply
1	Qualification - Expreience	As the tender documents states that bidder has to demonstrate that (Supply and Installation of equipment similar in nature and complexity), kindly let us know what can be considered as similar projects apart from supply and installation of weighing bridges. As this is not a usual installation in the Maldives (as far as we know there are very few installations in the Maldives and that also by local companies).	Supplying and installing heavy machinery or equipment related to waste management can be of a similar nature.
2	Bid Validity	Inconsistency of number of days of bid validity in the tender document and Invitation	Bids shall be valid for a period of 90 calendar days from the date of bid opening
3	Software to be used for operation	Does the software need to be operated by a person or automatically, unattended?	The software should be able to operate automatically, processing the collected data. It should also be user friendly, and enable to generate customized reports.
