determines if bidder is substantially responsive to the terms of this ToR as specified below;

- i. Bidder conforms to all requirements identified under Section E. Mandatory Documents and requirements.
- b. Substantially non-responsive bids at this pre evaluation stage will be rejected from further stages of evaluation.
- c. Substantially responsive bids at this pre evaluation stage shall be qualified for technical evaluation.

## 2. Technical Evaluation

- a. Technical evaluation is to confirm if the proposed server does comply with all the requirements listed under the technical requirements. Ministry of Environment holds the authority to qualify any proposal technically based on their proposed features, only if the evaluation committee finds it acceptable and would achieve the objective fully. Technically non responsive bids from this stage would not be qualified to the final evaluation.

## 3. Final Evaluation

- a. The proposal would be qualified to this stage after being assessed in pre evaluation and technical evaluation. In this evaluation, the proposals would be compared to their proposed price, duration and experience to complete the project. Point system set for the final evaluation is:

#	Description	Points (percentage)
1	Price $\frac{\text{Lowest price proposed}}{\text{Proposed price}} \times 85$	85%
2	Duration $\frac{\text{Shortest duration proposed}}{\text{Proposed duration}} \times 10$	10%
3	Experience $\frac{\text{Total experience points}}{100} \times 5$	5%

Experience would be considered to all submitted letters which is addressed to relevant works (value higher than MVR 35,000) completed within the past 5 years. Each valid reference letter would carry 2 points.
