Be an Air Traffic Controller

Welcome to the Aviators: the Next Generation Scholarship! This year the CAA is pleased to announce two scholarships in the field of air traffic control. Air traffic control is a career like no other! Once you've completed your training, you'll be part of a community of highly-trained professionals, who are essential to the smooth and safe running of the aviation industry. The work is challenging and demanding, but it's immensely rewarding too.

About Air Traffic Controllers

Pilots need active support from air traffic control to fly safely. Air Traffic Controllers (ATCOs) are also essential to the efficiency of airports and the airline industry.

Do you have the skills?

Being a successful Air Traffic Controller isn't so much about your previous work experience or background. It's to do with the way you approach problems, handle pressure and adapt to changing situations.

What's aviatorsNG?

AviatorsNG is a scholarship programme tailored to train the next generation of aviation professionals. It also aims to develop a passion for aviation in our youth.

Eligibility

Age: 20-25 years at 1 Dec 2019.

Education: Minimum "B" in O' Level English / Maths and SSC Dhivehi / Islam. An accredited Degree or a Technical Diploma will be an added advantage.

Medical: Class 3 medical.

Benefits

We offer a fully funded scholarship at a world class training institute. This is coupled with a guaranteed job at the CAA on successful completion of the ATC licence with a starting salary of MVR 18,000/-

How to Apply?

Our selection model consists of three stages. The first is an online application. The second is an aptitude test designed to look at things like your spatial coordination and logical thinking. The third is a formal assessment at the CAA.

Application Deadline: 6 October 2019. For more information on the AviatorsNG scholarship programme and application form visit us at http://caa.gov.mv/beta003/aviatorsNG/.
