PRODUCT SPECIFICATIONS			
Volume Range	Accuracy	Precision	
0.5-10 µl	±4.0 to ±0.5%	<4.0 to <0.4%	
Reproducible Pipetting Package			
The Biopette™ Plus Four Pack Starter Kit is a complete liquid handling package including everything needed to get started with accurate and reproducible pipetting.			
Exceptional Value			
Includes Four Biopette™ Plus Pipettes			
BioFree™ Pipette Tips, Carousel Stand and Calibration Tool Also Included			
Unlike many common liquid handling starter kits that include 3 pipettes, the Biopette™ Plus 4-Pack Starter Kit includes four pipettes covering a wide volume range of 0.5µl to 1000µl (0.5 to 10µl, 2.0 to 20µl, 20 to 200µl and 100 to 1000µl). The Biopette™ Plus 4-Pack Starter Kit also includes three racks of Labnet's new BioFree™ Pipette Tips and a six position carousel stand.
