Terms of Reference and Scope of Services
FOR
SENIOR SOCIAL SAFEGUARD OFFICER
Maldives: Enhancing Employability and Resilience of Youth Project
(MEERY: P163818)
Ministry of Higher Education
Republic of Maldives

1. Background

Several aspects of the Maldives' recent development pattern highlight imbalances between labor demand and supply. Public sector jobs are predominantly in the civil service with the rapid expansion of cadres in the 1990s and 2000s. However, with the increasing standard of living over time, the labor market has become more challenging for Maldivians in general. Increasing educational attainment among the younger generation and expectations have coincided/collided with the rapid growth in low-skill service jobs associated with tourism and construction, leading to a mismatch in skills supply and demand. Despite the high levels of growth and labor market conditions in public investments, tourism, fisheries and non-tradable tourism related activities, important challenges remain for young Maldivians. These relate to (i) the need for greater inclusion and productive employment for youth, especially for those who cannot rely on public sector jobs (because of a sharp reduction of public sector employment) or who are from the most vulnerable segments of the population; and (ii) an increasing reliance on foreign labor in important sectors such as tourism and construction services and limited opportunities for women.

The Government of Maldives (GoM) is preparing to implement the “Maldives: Enhancing Employability and Resilience of Youth” (MEERY) Project. The project is funded by the World Bank. The objective of the project is to improve the relevance of technical and vocational skills and foster entrepreneurship to promote youth employment in priority sectors. The project is being administered by the Ministry of Higher Education (MoHE), with a Project Steering Committee that will be co-chaired by the MoHE and the Ministry of Economic Development.

The Project Development Objective is to improve the relevance of technical and vocational skills and foster entrepreneurship to promote youth employment in priority sectors.

Component 1: Integrating Skills Development with Labor Demand in the Tourism & Construction, and ICT-related Services Sector.

- 1.1: Labor-market assessment and analysis for demand driven skills identification
- 1.2: Revision of Skills Development (TVET and Entrepreneurship) Curriculum
- 1.3: Face-to-Face Skills Delivery.
- 1.4: Support for Entrepreneurship Development.

Component 2. Skills Development and eLearning Strategy.

- 2.1: Strategy Development, Strengthening and Diversifying skills development programs.
- 2.2: IT infrastructure for skills development and jobs platform.
- 2.3: Career hubs for education-industry linkages.

Component 3. Project Coordination, Monitoring and Evaluation
