Video Conferencing System

Technical Specification

1. General Requirements

Item	Minimum Requirement
System Type	Integrated all-in-one conferencing system
Deployment Type	Appliance-based operation without external room PC
Room Type	Medium to large conference room
Conferencing Platforms	Native Microsoft Teams Rooms and Zoom Rooms support
Ecosystem	Single manufacturer unified conferencing ecosystem preferred
Content Sharing	Wired and wireless content sharing
BYOD Support	USB BYOD support
Installation Type	Wall mounted / display mounted
Warranty	period

2. Video System Specifications

Item	Minimum Requirement
Camera Type	Integrated intelligent camera system
Camera Configuration	Dual-camera system preferred
Resolution	Minimum 4K Ultra HD (3840 × 2160)

Scheduling Support	Calendar and meeting scheduling support
Screen Size	Minimum 8-inch preferred

5. Connectivity Requirements

Item	Minimum Requirement
Ethernet	Required
Wi-Fi	Required
USB Connectivity	Required
HDMI Input	Required
Wireless Sharing	Required
