- I. Remuneration:** 20,160 MVR per month

National Consultants that meet the minimum requirement set in this notice are strongly encouraged to apply.

J. Project background:

The Government of the Republic of Maldives, through the Ministry of Climate Change, Environment and Energy, is implementing the 'Institutional Strengthening and Capacity Building for the Sound Management of Chemicals' project. This initiative, funded by the UNEP Special Programme, aims to enhance the management of hazardous chemicals in the Maldives by strengthening the institutional capacity of the Chemicals Management Unit within the Environment Management and Conservation Department, as well as other relevant stakeholders. The project focuses on improving national capabilities for monitoring and controlling chemical management, raising awareness, and enhancing coordination among stakeholders for continuous dialogue on chemicals management. These efforts aim to facilitate the enforcement of existing laws, regulations, policies, guidelines, and standards to promote the sound management of chemicals at national, local, and private levels.

The Special Programme forms part of UNEP's sub-programme on chemicals and wastes, which supports countries in enhancing their institutional capacities to implement the Basel, Rotterdam, and Stockholm Conventions, the Minamata Convention, and the Global Framework on Chemicals. The Maldives has secured funding from the Special Programme Trust Fund to bolster its national efforts in the sound management of chemicals.

K. Objective of the assignment:

The Project Coordinator (PC), will be responsible for the overall management of the Project, including the mobilisation of all project inputs, supervision over project staff, consultants and sub-contractors. The PC will report to the Deputy Director General at the Environmental Management and Conservation Department.
