Minimum 2 assignments demonstrating and knowledge in conducting similar assignments (reference letters and/ or submit evidence via publications)	
Note: Supporting documents shall be submitted to verify the qualifications, professional experience, and completed assignments stated in the CVs. Marks under the experience component will be awarded based on the relevance and adequacy of the supporting documents provided.	
Total C=	15
Technical Score: The number of points to be assigned to each of the above positions or disciplines shall be determined considering the following three sub criteria (A and B) and relevant percentage weights for each position.	
Total Technical Score (T) = A+B+C	100
Only the proposals that will obtain a minimum of 60% out of 100 obtainable points will be qualified for the financial evaluation	
Note: Following completion of the technical and financial evaluation process, the bidder achieving the highest overall evaluated score shall be awarded the project.	

FINANCIAL SCORE

The formula for determining the financial scores is the following:

$$SF = 100 * FM / F$$

Where, SF is the financial score, FM is the *lowest price*, and F is the price of the proposal under consideration.

The weights given to the Technical (T) and Financial (F) proposals are:

$$T = [0.6], \text{ and } F = [0.4]$$

Financial Situation Evaluation

As such, the bidder shall meet at least **ONE** of the following financial eligibility requirements:

a) financial statements of the bidding party must demonstrate a minimum liquid asset value of MVR 60,000.00 for each of the years 2024, 2023, and 2022 - (Sample: FIN Form 2 - Financial Situation)

(or)

b) Bank statement of the business's bank account of the past three (3) months prior to the bid submission date must demonstrate a minimum credit balance of MVR 60,000.00

(or)

c) If the bidding party is unable to meet any of the above requirements, the bidder shall submit a 'Line of Credit Letter' as per the template provided in FIN Form 4. The available credit facility indicated in the letter shall be no less than MVR 60,000.00 - (Sample: FIN Form 4 - Line of Credit Letter)

Note:

Line of Credit Letter must be issued by a government recognized bank or financial institution established in the Maldives with the details as per template in FIN FORM 2.

Additional Information

Ministry of Tourism and Civil Aviation has overall responsibility for the management of the contract and contractual reporting obligations.

Documents and data provided by the government for the purpose of this assessment which is not of public nature shall be considered confidential and should not be disclosed to any other party.

All outputs and materials produced as part of this TOR shall be handed over to the Ministry at the end of the contract and will become the sole property of Ministry of Tourism and Civil Aviation.

For the consultation meetings and dissemination workshop, invitations, catering and venue will be organised by the awarded organisation. It must be in close coordination with the Ministry.

Section 4

Details of Work Required

A. Introduction

Tourism is a key pillar of the Maldivian economy, contributing significantly to employment, foreign exchange earnings and socio-economic development. Reliable and timely information on visitor characteristics, behaviour, preferences and experiences is therefore essential for evidence-based tourism policy, planning and decision-making.

The Maldives Visitor Survey (MVS) is an annual survey conducted by the Ministry of Tourism and Civil Aviation to collect primary information directly from international visitors departing the Maldives. The Survey complements administrative tourism statistics by providing insights into areas that cannot be captured through arrival and departure records, including visitor motivations, expenditure, travel behaviour, activities, satisfaction and perceptions of the destination.

B. Background

The Ministry has conducted the MVS annually over the years, establishing an important source of tourism intelligence and enabling the monitoring of changes in visitor characteristics, preferences and experiences over time. The continuity of the Survey also allows for comparison of findings across years and identification of emerging trends in international visitor behaviour.

The Survey supports the goals and priorities of the Fifth Tourism Master Plan (5TMP) by strengthening tourism data and evidence for decision-making, supporting improvements in visitor experience, and providing information to guide market development, product diversification and the sustainable and competitive growth of the tourism sector.

As such, the Ministry seeks to undertake the annual Maldives Visitor Survey 2026 through a qualified service provider, using appropriate sampling, data collection and quality assurance methodologies to ensure reliable, representative and, where applicable, comparable results that can contribute to monitoring and implementation of the goals and priorities of the 5TMP.

C. Rationale

Administrative tourism statistics provide essential information on visitor arrivals, nationality and length of stay; however, they do not adequately capture visitors' motivations, expenditure, travel decisions, activities, satisfaction and perceptions of the Maldives. The MVS addresses these information gaps by collecting primary data directly from visitors.

As an annual exercise, the Survey also provides a consistent basis for tracking changes and emerging trends over time. The findings will strengthen the Ministry's tourism intelligence and support evidence-based policy formulation, destination marketing, tourism product development and initiatives to enhance visitor satisfaction and destination competitiveness.

D. Objectives

The primary objective of the MVS is to support the implementation of the Maldives 5TMP by enhancing data-driven decision-making, thereby ensuring that the Maldives remains a responsive, resilient, and high-quality destination in the global tourism market. The MVS will further assist the MOTCA in generating reliable and representative information on international visitors to support evidence-based tourism planning and development.

More specifically, this survey aims to:

- Profile international visitors to the Maldives, including their demographic and travel characteristics.
- Assess visitor behaviour and preferences, including travel motivations, booking patterns, activities and accommodation choices.
- Assess visitor satisfaction and perceptions of the Maldives, including key factors influencing the overall visitor experience.
- Identify emerging trends and changes in visitor behaviour and preferences through comparison with previous annual surveys, where applicable.
- Identify key areas of tourism-related spending through visitor expenditure patterns.
- Generate evidence to support the 5TMP and other national tourism policies, strategies.
- Provide actionable insights to guide destination marketing, market development, product and service improvement, and efforts to strengthen the competitiveness and sustainability of the Maldivian tourism sector.

E. Scope of Assignment

The selected Contractor shall be responsible for the overall planning, implementation, management, and delivery of the Maldives Visitor Survey (MVS) 2026. This shall include all logistical, technical, operational, and statistical aspects of the assignment, including, but not limited to, the following:

- Conducting consultations with relevant stakeholders from both the public and private sectors to review information needs and ensure the survey design aligns with national tourism priorities.
- Reviewing existing MVS questionnaires and methodologies, and designing an updated survey instrument that captures the required visitor profile, travel behaviour, satisfaction, perception indicators and, expenditure.
- Translating the survey questionnaire and related survey materials into the required languages and ensuring consistency and accuracy across all versions.
- Developing the survey methodology, sampling framework, fieldwork plan, quality assurance protocols, and data management procedures.
- Administering the survey at Velana International Airport (VIA), including the CIP Lounge and other designated passenger departure areas, in accordance with the approved methodology.
- Implementing robust field monitoring and quality control mechanisms to ensure data accuracy, completeness, and reliability.
- Processing, cleaning, validating, and securely managing the data collected during the assignment.
- Conducting comprehensive statistical analysis findings and generating insights on visitor characteristics, travel patterns, visitor expenditure, satisfaction levels, and destination perceptions.
- Comparing survey findings against previous Maldives Visitor Survey datasets and reports to identify changes, trends, and emerging issues.
- Preparing stakeholder-oriented reports and presentations highlighting key findings and industry-relevant insights.
- Preparing policy-focused reports and recommendations to support evidence-based tourism planning, policy formulation, and destination management.
- Presenting the preliminary findings, to relevant stakeholders and policy-level audiences.
- Producing the final report, including professional layout, infographics, data visualizations, and publication-ready outputs.

- Submitting all final datasets, analytical outputs, documentation, and reports to the Ministry in agreed formats.

The Ministry of Tourism and Civil Aviation (MOTCA) shall provide overall guidance, oversight, and monitoring throughout the implementation of the project. The Contractor shall be responsible for ensuring the highest standards of professional integrity, methodological rigor, data quality, and ethical compliance throughout the assignment.

The Contractor shall establish and implement comprehensive quality assurance measures, including enumerator training on research ethics and data collection protocols, pilot testing of survey instruments, field supervision, and real-time monitoring mechanisms. These measures shall ensure the protection of participant rights, confidentiality of information, accuracy of data collection, and overall integrity and reliability of survey results.

F. Indicative Tasks

The project is divided into four stages as indicated below. The Contractor shall complete all tasks specified under each stage, including but not limited to those listed below;

- **Stage 1: Stakeholder Consultation and Questionnaire Designing (24 days)**
 - Conduct stakeholder consultation meetings in coordination with MOTCA to finalize the contents and themes for the questionnaire. MOTCA will provide any required support in conducting the meetings.
 - Consultations must be carried out with both private sector stakeholders, including accommodation providers, travel agents, dive centres, as well as public sector stakeholders.
 - Design and develop the MVS questionnaire.
 - Translate the questionnaire into nine (9) languages: English, Italian, German, French, Japanese, Chinese (include major two dialects such as Mandarin, Putonghua, etc), Russian, Spanish and Arabic. The contractor shall ensure that all translations are accurate, culturally appropriate, and carried out in adherence to professional and ethical standards.
 - Determine sample size and language-specific quotas based on the agreed data collection period. (Sample size to be calculated based on nationality arrivals during that period for precision: *99% confidence level with 3% error margin*)
- **Stage 2: Conducting the Survey (21 days)**
 - Train and prepare enumerators for the survey through a pilot survey. The contractor shall ensure that all enumerators adhere to proper ethical standards and maintain a professional code of conduct.
 - Conduct the survey at the departure terminal of VIA and CIP lounge. Contractor shall coordinate with MOTCA to get necessary approvals and permits for the departure terminal at VIA and CIP lounge.
 - Administer the survey with departing international tourists at VIA's departure terminal and CIP lounge for a period not exceeding 21 days. The contractor shall ensure that all questionnaires are distributed and collected at the departure terminal.
 - Updates on the progress of real-time data collection shall be provided to MOTCA daily and, where specifically requested, within 24 hours of the request.
- **Stage 3: Data analysis and presenting the findings (30 days)**
 - Clean, compile, and analyse the collected data, and present the findings in a comprehensive analytical report.

- Include cross-referencing and comparative analysis at a reflective level, taking into account the continuous nature of the MVS.
- Prepare and submit a draft report
- Present the key findings to stakeholders during a dedicated dissemination workshop, to be organized in coordination with MOTCA. (Invitees should be finalised in consultation with MOTCA)
- The contracted organization shall be responsible for arranging all logistics for the dissemination workshop, including the venue, refreshments, and other related requirements. (The number of invitees shall be between 20 and 30 participants.)
- **Stage 4: Compiling the report to Final Documentation (15 days)**
 - Unless otherwise specified, all key findings, indicators, and analyses presented in the report shall be disaggregated by the Top 10 source markets for the Maldives and compared with previous Visitor Survey findings where relevant and data are available.
 - Incorporate necessary revisions to the report based on feedback received from the stakeholder meeting regarding the data presented and from MOTCA on the draft reports submitted.
 - The contractor shall proofread and edit the final reports and all associated deliverables prior to submission to ensure they are free of grammatical, typographical, formatting, and consistency errors.
 - Submit the final reports to MOTCA in a print-ready format, together with all supporting documentation. The report must follow the format given below.
 - Prepare a set of digital, publication-ready social media posts and infographics presenting the key findings and insights from the survey. The materials shall be optimized for publication on MOTCA's website and official social media platforms.
 - Prepare a concise policy-level presentation highlighting the key takeaways from the survey for dissemination to MOTCA senior management, including policy implications, recommendations and suggestions derived from the survey findings.
 - Final Report Requirements. The Final Report shall include, but not be limited to, the following components:
 - Cover Page with the title “Maldives Visitor Survey 2026” and the Ministry logo
 - Acknowledgements
 - Table of Contents
 - List of Figures and Tables
 - Executive Summary
 - 1.0 Introduction
 - Background and rationale
 - Objectives of the survey
 - Scope of the study
 - 2.0 Methodology
 - Survey design
 - Sampling methodology
 - Data collection process
 - Response rate
 - Data analysis approach
 - Study limitations
 - 3.0 Visitor Profile Analysis
 - Including, but not limited to:
 - Visitor demographic characteristics
 - Visitor segments
 - Visit characteristics and travel patterns

- First-time and repeat visitors
- Purpose of visit

- Formatting Requirements
 - Font: Times New Roman
 - Font Size: 12 pt (main text)
 - Alignment: Justified
 - Headings and subheadings: Consistent numbering and formatting throughout the report
 - Page numbering: Required throughout the document

G. Deliverables

The Contractor is required to deliver the following deliverables under this project.

1. Stakeholder Consultation Report (with a list of stakeholders and key issues and requirements highlighted)
2. Final Questionnaire (editable version for the English questionnaire, pdf versions for all other translated languages)
3. Sampling and Quota Plan (refer Stage 1 of Section F. Indicative Tasks)
4. Conducting the Survey at VIA (refer Stage 2 of Section F. Indicative Tasks)
5. Data Collection Progress Reports (should include a daily collection summary, with number of questionnaires distributed and number of samples collected for each language separately)
6. Draft Report - Maldives Visitor Survey 2026 (Word document)
7. Presentation on key findings (in PowerPoint format)
8. Stakeholder Dissemination Workshop refer Stage 3 of Section F. Indicative Tasks)
9. Summary report on stakeholder feedback and recommendations from the workshop.
10. Policy-Level Presentation (as per requirements specified in Stage 4 of Section F. Indicative Tasks, in PowerPoint format)

11. Final Report on Maldives Visitor Survey 2026 Report (Editable and print ready pdf versions)
12. Final Documentation
 - Raw and Final cleaned dataset. (Excel format, with any coding done)
 - Detailed statistical tables and charts included in the report. (Excel format)
 - Statistical Tables and Analytical Outputs (Excel format of all tables and charts included in the report)
 - Final report and associated materials submitted in both editable and PDF formats, as applicable (professionally proofread and formatted in accordance with the specified requirements. Refer Stage 4 of Section F. Indicative Tasks)

H. Requirements for Team Composition, Professional Qualifications, and Relevant Experience

The Contractor is expected to propose a qualified, multidisciplinary team capable of designing, managing, and implementing the exit survey efficiently and professionally. The project team members shall comprise of at least **THREE** members including **ONE Lead Researcher and TWO Team members**, from relevant disciplines and professions in the specified or other project-relevant fields.

Project Manager. Lead Researcher (1 Member)

Project Manager / Lead Researcher (At least one member should be identified as the project Leader/Lead Researcher)

- Minimum 2 assignments demonstrating and knowledge in conducting similar assignments (reference letters and/ or submit evidence via publications)

I. Duration of the Consultancy

The total duration for the project shall be ninety (90) calendar days from the date of contract signing. This does not include review, feedback, and approval periods required by the Ministry of Tourism and Civil Aviation.

Indicative Milestones:

- Stage 1: Questionnaire Design – 24 Days
- Stage 2: Data Collection – 21 Days
- Stage 3: Analysis and Presentation of Findings – 30 Days
- Stage 4: Report Compilation and Documentation Submission – 15 Days

The exact timeline and milestone schedule shall be finalized in consultation with the Ministry of Tourism and Civil Aviation.

J. Payment Terms

Full payment shall be released upon completion of the project and submission of all deliverables to the Ministry of Tourism and Civil Aviation, in accordance with the agreed scope of work and to the satisfaction of the Ministry.

Payment	Details	Duration	Payment Terms	Payment
Payment 1	Stakeholder consultations, questionnaire design and translation	24 Days	Completion of deliverables 1, 2 and 3	15%
Payment 2	Data Collection - Conducting the survey at VIA	21 Days	Completion of deliverables 4 and 5	10%
Payment 3	Data processing, analysis, and presenting	30 Days	Completion of deliverables 6, 7, 8, 9 and, 10	25%
Payment 4	Final Documentation. Incorporate necessary revisions to the report, and submitting final report with all supporting documents	15 Days	Completion of deliverables 11 and 12	50%

Note: if advance payment is applicable, the payments for the above stages will be given after deduction of the advance payment.
