	Brand		To be specified by the bidder																																	
	Model		To be specified by the bidder																																	
	Capacity		2 Litres																																	
	Material		glass																																	
	Rated Voltage		220–240 V AC																																	
	Rated Frequency		50 Hz																																	
	Rated Power		1,500–2,200 W																																	
	Heating Element		Concealed stainless-steel heating element																																	
	Automatic Shut-Off		Required																																	
	Boil-Dry Protection		Required																																	
	Power Indicator		Required																																	
	Handle		Heat-resistant, insulated handle																																	
	Lid		Secure-fitting lid																																	
Water Level Indicator	Required																																			
On/Off Switch	Required																																			
Warranty	Minimum 12 months																																			

Regrigerator (10Kg)

Specification	Minimum Requirement
Brand	To be specified by the bidder
Model	To be specified by the bidder
Type	Upright refrigerator with freezer compartment
Compressor	Inverter compressor
Capacity	Approximately 450-550 litres
Rated Voltage	220–240 V
Rated Frequency	50 Hz
Energy Efficiency	Energy-efficient inverter model
Refrigerant	R600a or equivalent environmentally friendly refrigerant
Cooling System	Suitable for reliable food and beverage storage
Temperature Control	Adjustable thermostat or electronic temperature control
Shelves	Durable, adjustable shelves
Door Storage	Door racks/bins for bottles and other items
Vegetable Crisper	Required
Interior Lighting	Required
Defrost System	Automatic or manual defrost, as applicable to the offered model
Warranty	Minimum 12 months

Washing Machine (8Kg)

Specification	Minimum Requirement
Brand:	To be specified by the bidder
Model:	To be specified by the bidder
Capacity:	8.0kg
Type:	Top Loading
Warranty:	12 Months Warranty
Rated Power:	400W
Rated Voltage:	230 - 240V~
Rated Frequency:	50Hz
Standard Water Pressure:	0.03MPa - 0.8MPa
Grade of Waterproof:	IPX4
No. of Programs: 6	Normal Quick Soak Spin Only Soft Hygiene
