

Job Requirements and Work Scope – Photographer

RDC is a 100% state owned entity formed by a presidential decree in June 2019 with the aim of promoting the construction of rigid and flexible development of roads, repair and maintenance of bridges, building of highways and causeways, with construction materials and reinforced landscaping. Being a state-owned entity, RDC aims to streamline the vision and the mission statement to provide a valuable service to the communities throughout the country.

Job Details

We are introducing this new role i.e. photographer with the purpose of covering all the projects being undertaken in RDC. We believe high quality photography and media coverage is an important asset that will contribute to the overall branding and success of RDC.

Initially we are hiring a party for this job for (-) months, but are confident that we will be able to extend this role beyond the initial period and perhaps also extend it to a full-time role, working on a wider series of projects within the organization.

Reporting to: Huzam Hussain Didi – Senior Manager, Sales & Marketing
