WALKWAY STONE TYPES

Dimensioned line drawings

TYPE A

2 ft

2 ft × 2 ft

TYPE B

2 ft

2 ft × 1 ft

Use both stone sizes in an alternating / staggered paving pattern.

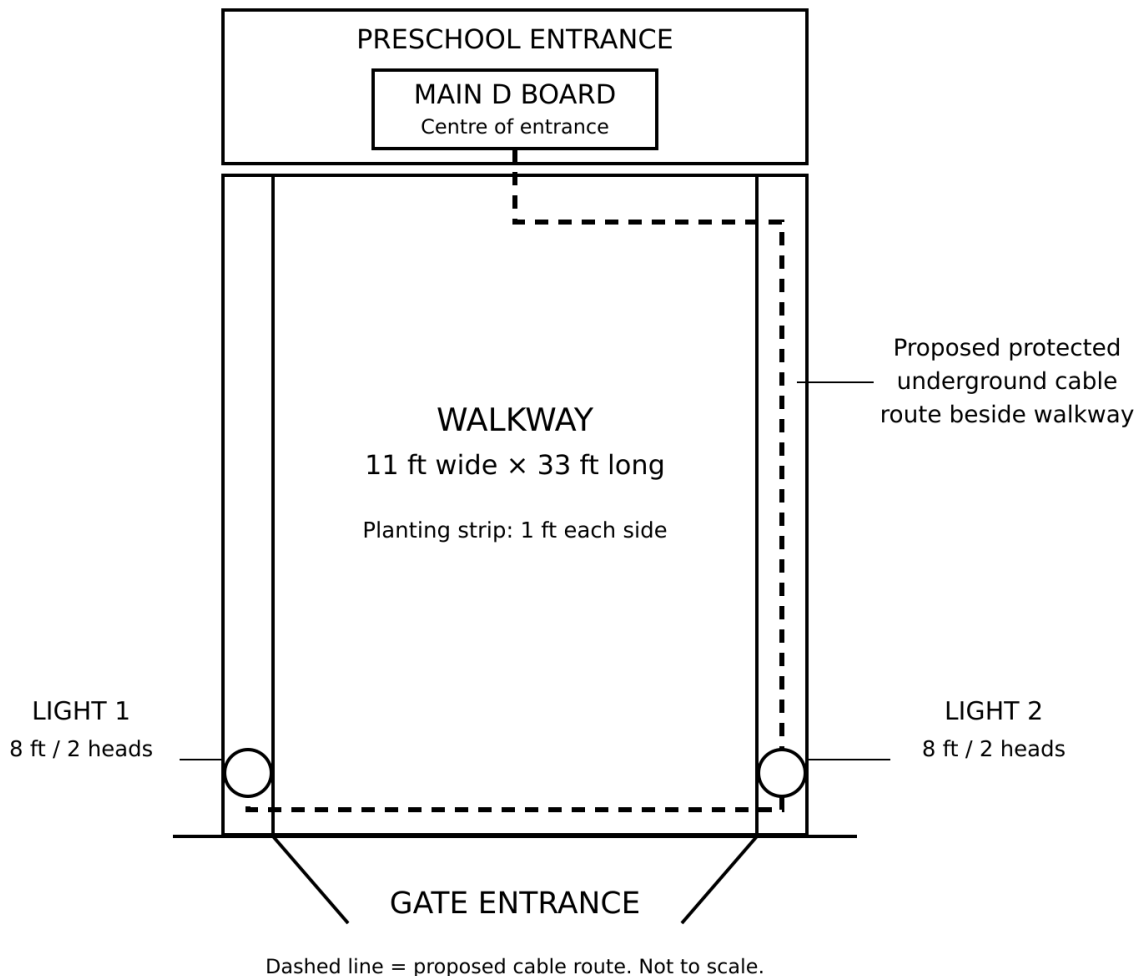

Walkway paving width: 11 ft | Length: 33 ft

Planting strip: 1 ft on each side

Lay stones over the prepared 2-inch sand bedding.

GATE LIGHT WIRING LAYOUT

Connection to the preschool main distribution board

Main D board → lighting circuit protection and control → both gate light poles

Connect both poles in parallel. Each pole supplies two lamp heads. Provide live, neutral and protective earth as required by the selected fittings.

Route the supply beside the walkway and continue through a protected crossing to the opposite gate light. Install the cable route before completing paving.
