

(OPTION 1) **Bid #:**

**Project:** Power Redundancy at People's Majlis Datacenter

**Site:** People's Majlis Datacenter

**Bid Submission Date:** \_\_\_\_\_

**Name:** \_\_\_\_\_

**Sign/Seal:**

Requirements		To be filled by Bidder/Supplier	
		Model/Qty/Y/N	Remarks
Uninterruptible Power Supply	Brand: APC, Vertiv		
	SKU		
	Quantity: 2		
	3 phase 400V		
	Modular design		
	Redundant intelligence modules		
	N+1 redundant power modules		
	10kVA peak load		
	2 hours runtime		
	Battery Type: Lead Acid		
Switched PDU	Brand: APC, Vertiv		
	SKU		
	Quantity: 10		
	Zero U		
	230V/32A		
	21x C13 and 3 x C19 per PDU		
	Switched PDU		
	Remote management		
	10x 3m C14/C15 per PDU		
3 Phase Voltage Regulator	Quantity: 2		
	Power rating as required for UPS configuration selected		
	Step-less automatic voltage control		
	±1% voltage accuracy		
	Over voltage and under voltage protection		
	Overload protection		
	Transient Voltage Surge & Spike Suppression		
	Phase failure detection		
Professional Services	Installation of UPSes, regulators and PDUs		
	Connecting regulators to distribution boards		
	Connecting UPSes to regulators		
	Connecting PDUs to UPSes		
	Verifying proper operation of all equipment		
	Certified Partner / Integrator for UPS Brand		
Warranty	3 Years Parts & Service (Including batteries)		
	Option to extend warranty/support after intial warranty expires		
	Authorized Service Partner for UPS Brand
