Date: 23rd March 2021

No: (IUL)438-GCF/438/2021/83

Individual Consultant (Local) for Translation of Water Resource Conservation and Management Regulation (No: R-22/2021)

Project Supporting Vulnerable Communities in Maldives to Manage Climate Induced Water Shortages

TERMS OF REFERENCE

1. PURPOSE

The Government of Maldives has received funding from the Green Climate Fund (GCF) for the project “Supporting Vulnerable Communities in Maldives to Manage Climate Change-Induced Water Shortages”. The Government intends to apply part of the proceeds towards procuring the services of an Individual Consultant (Local) for “**Translation of Water Resource Conservation and Management Regulation (No: R-22/2021)**”.

2. BACKGROUND

- 1) The outer islands of the Maldives experiences drinking water shortages during the dry season. These shortages have had significant adverse human, environmental and social impacts on the outer island communities. Based on this climate change induced problem, in 2016, the Government of the Maldives, with the support of the UNDP received financing from the Green Climate Fund (GCF) to undertake the “Supporting Vulnerable Communities in Maldives to Manage Climate Change-Induced Water Shortages” Project.
- 2) The project is one of the first projects to be funded through the Green Climate Fund and is implemented by joint partnership between the Ministry of Environment and UNDP.
- 3) The objective of the project is to deliver safe and secure freshwater to 105,000 people in the islands of Maldives in the face of climate change risks. This will be achieved through the following Outputs of the project:
 - a. Scaling up an integrated water supply system to provide safe water to vulnerable households; the proposed adaptation solution is to maximize water production and scale up the use of an integrated water supply system that will bring three primary sources of water (rainwater, groundwater and desalinated water) into a

least cost delivery system that is able to maintain service levels in the face of climate change related pressures;

- b. Introduction of decentralized and cost-effective dry season water supply systems; The proposed solution is to create additional, atoll level water hubs to improve timeliness and efficiency of water delivery during the periods of water shortages; and
- c. Groundwater quality improved to secure freshwater reserves for long term resilience. The proposed solution is improving groundwater quality through better protection policies, including controlled recharge and extraction methods.

3. SCOPE OF WORK

The scope of this service is to translate the Water Resource Conservation and Management Regulation (No:R-22/2021) to English language. The consultant is expected to adhere to the deliverables and timeline indicated in the key deliverables table.

- The translated document shall be provided in editable format (Microsoft Word Format).
- Translation must be accurate and should adhere to the meaning and objective of the statement.

4. KEY DELIVERABLES

Deliverable	Delivery Date*
1. Submission of first draft of the translation of Water Resource Conservation and Management Regulation (No:R-22/2021).	30 days from signing of contract
2. Presentation of the translation of Water Resource Conservation and Management Regulation (No:R-22/2021) 1 st draft	30 days from signing of contract
3. Revise, develop and submit the final version based on the comments received to the 1 st Draft	20 days from deliverable 1& 2.

10. EVALUATION CRITERIA

10.1 PRELIMINARY EXAMINATION

The Client will examine the proposals to determine whether they are complete, whether the documents have been properly signed and whether the proposals are generally in order and all the documents stated in Section 9 (Documents to be submitted with the proposal) has been included in the proposal.

Prior to the detailed evaluation, the Client will determine the substantial responsiveness of each proposal to the Terms of Reference (TOR). For purpose this primary examination, a substantially responsive proposal is one which conforms to all the terms and conditions of the TOR without any deviation.

If a proposal is determined as incomplete or as not substantially responsive Client has authority to reject the proposal. Criteria for determining completeness is given in Annex 2.

10.2 EVALUATION OF PROPOSALS

The Evaluation will be completed as per the criteria given in Annex 2.

The Financial Proposal will be evaluated by applying the following formula.

$S_f = 40 \times F_q / F$, in which S_f is the financial score, F_q is the Lowest Financial Quote received and F is the price of the proposal under consideration.
