1	<p>Regarding 4.1 of RFP, does this mean in the JV consortium there can be only 2 partners? Or is it only applicable if the association is a sub consultancy agreement?</p>	<p>The company can have JV with multiple partners</p>
2	<p>2. With regards to the following clauses in the RFP: All key experts are required to go to field to each island and lead the surveys in their specialist areas. Such as, Lead and assistant hydrologist shall undertake geophysical, permeability and relevant exercises. Social experts shall be leading the social surveys etc.</p> <p>The Team members (Key experts) are required to be present in Maldives for the works.</p> <p>Does the client expect all the key members to be in Maldives for the entire duration of the project? Or do they only have to stay for the duration of their specific components?</p>	<p>Key experts are to mobilise to all islands for the field works</p>
3	<p>3. With regards to the following clause: The proposed lead hydrologist, assistant hydrologist, social expert and resident engineer should not be working in any other assignment of the Ministry of Environment</p> <p>We would like to request you to change this as there are very limited resources specific to this project in the Maldives and most of them now have at least one ongoing project with the Ministry</p>	<p>To be changed as follows " The proposed lead hydrologist and resident engineer should not be working in any other assignment of the Ministry of Environment"</p>
4	<p>In the RFP you have mentioned i.e. Volume 3 Drawings and Layout (page 42). According to us there is no drawing and layout required in the bidding stage. can you please clarify as to the exact requirement with relating to this bid?</p>	<p>This is to be prepared within the scope of works of the successful bidder</p>
5	<p>if Joint Venture company needs to be formed in Maldives, if not, with respect to payments towards consultancy services, if the same would be paid to the Lead Bidder.</p>	<p>The joint venture company needs to be registered in the Maldives.</p>
