

FIBERGLASS (WALK AROUND CABIN) VESSEL

9.1 PRINCIPLE PARTICULARS:

- Should be a new vessel
- Vessel type : Mono hull (step in hull)
- Hull material : Fiber Reinforced (14 LAYER)
- Length over all : 38 – 40ft
- SPEED : minimum 40 + knots @ max RPM
- Seating capacity : 19-22
- Climate Control Cabin (At least 8 people can sit inside cabin)
- Walk Around Cabin (WAC) at least 18 inches wide side walk

9.2 TANK CAPACITIES

- Fuel oil tank : Minimum 800-1000 ltrs
- Water tank : Minimum 200 ltrs

9.3. ENGINES

- Four stroke Engine with Salt water series propeller (SS propeller)
- 2Nos. 300-350 HP outboard Engine (Mercury or Suzuki brand) if Yamaha brand 350 HP engine
- Hydraulic Steering system with power assist
- Installation of Engine as well as all necessary accessories to complete the job (Eg. Fuel, Raco filters, hoses etc.)

9.4 GENERAL FEATURES

- Hard Top double finishing
- Hard Top under layer polishing
- Hull in complete white color gelcoat with at least 14 layers of fiber glass. (Double finishing reinforced hull).
- Minimum 2 coats Antifouling with undercoat as per manufactures guidelines
- Entrance door front
- Necessary steps for boarding persons and boarding arrangements
- Semi-closed with necessary side windows and curtains with bunji loops
- Stainless steel handrails where required
- Manual swim ladder
- Fuel and water fillers on gunwale with marking
- Upholstered seating with comfortable back rests were required.
- Nonskid flooring
- Water Drying fire retardant carpet
- Drain plates fixed where necessary
- Electro Trim tab to be fixed
- 2 Nos AC outlets with DC to AC inverter with USB charging port.
- Maximum allowed side storages
- Maximum storage facility

- Walk around provided on STBD & PORT
- 4inch rubber D fender around the boat as well as PORT and ATBD shipside
- Out board engine Guard made in marine grade SS
- U bolt fixed in forward stem
- Back seating console with driver seat
- Cushion seating in back and front

9.5 PRINCIPLE FEATURES

- 02 Nos. RC led Search light
- 04 Nos. Cabin lights
- 01 Nos. light for Engine service
- 04 Nos. Deck lights
- 01 Nos. Dual Beacon light (led/blue) 1"
- 01 Nos. Electric Horn
- Deck cleats, 04 Nos. on forward, 02 Nos. on amidships and two on aft
- 01 Nos. Sliding pilot side windows
- 01 Nos. Front wind screen wipers system
- 01 Nos. Deck wash outlet shower with 50ft pipe
- 01 Nos. DC Mini Bar (Refrigerator), (optional)
- 01 Nos Electric trim
- Water bottle holder embossed where necessary

9.6 ELECTRICAL SYSTEM

- 2X24V DC outlets for mobile charging
- Deck wash shower pump
- Batteries for port and starboard engine
- Separate battery for general service with charging arrangements

9.7 NAVIGATION

- Full set of navigation lights (red, green, white)
- Compass with light (offshore 135 Plastimo)
- Minimum 9"-12" touch display, Rader, Chart plotter and GPS combo unit
- Marine VHF set with antenna (GPS interface with VHF set)
- A.I.S receiver

9.8 ENTERTAINMENT SYSTEMS

- 01 Nos Music player with 02 speakers (fusion model / marine grade) (Optional)
- 01 Nos PA system with marine grade speaker.

9.9 HELM CONSOLE

- Console in white gelcoat (black surface for anti-reflection)
- Steering wheel with power steering.
- Port and starboard engine display
- Navigation light switch
- Search light switch

- Cabin light switch
- Deck light switch
- Stern light switch (Engine service light)
- Water Pump switch
- Blige pump switches
- Blower switch
- Wiper controls
- Trim tab gauge and controls
- GPS and Rader display with power on/off switch
- Engine throttle
- Fuel tank gauge
- Water tank gauge
- 2 Nos DC outlets for phone charging
- Wind screen splashing arrangement for wipers

9.10 TOILET

- Marine electric Toilet
- Entrance door
- Wash basin with fresh water
- Mirror
- Extractor fan
- Hand shower
- Sky shower with fresh water
- Proper lightings
- Toilet paper holder
- Towel holder
- Hand railing (SS)

9.11 BILGE

- 01 Nos Automatic electric bilge in necessary compartment (2000-3000gph pump)

9.12 SAFETY EQUIPMENTS AND BOARDING CRAFT

- 22 No. Inflatable life jackets with automatic inflatable mechanism (Adults)
- 01 Nos. First aid kit
- 01 Nos. Flag set (CB – 5)
- 02 Nos. fire blanket fitted
- 01 Nos life Ring fitted
- 02 Nos. buckets

9.13 TOOLS

- 1 Nos. Tool box (multipurpose tool box)
- 01 Nos. wrench set (8-24)
- 01 Nos Socket box (98-22)
- 01 Nos Deep socket (14 mm)
- 01 Nos Alenkey set
- 01 Nos Small hammer
- 01 Nos Long nose plier (165 mm)
- 01 Nos Side cutter
- 01 Nos bull nose pliers (7mm)

- 01 Nos Engine Oil filter wrench
- 01 Nos Strap wrench
- 01 Nos Pump fuel extractor
- 01 Nos Grease Gun
- 01 Nos Silicon Gun
- 01 Nos Screwdriver + (x 3 No. of different size)
- 01 Nos Screwdriver – (x 3 No. of different size)
- 01 Nos Screwdriver – (Big size, For gear oil change)

9.14 FIRE EXTINGUISHING

- 02 Nos Hand operated fire extinguishers each of 4.5 Kg, embossed to hull inside cabin in closed boxes with plastic doors. Install in easily accessible areas.

9.15 MESCELLENIOUS

- 1 Nos SS Danforth Anchor (14 kg)
- 6 Nos F-4 or F-6 Fenders
- 100ft 14mm rope (Anchor rope)
- 2x30 ft 14mm rope (alongside rope)
- 3 Nos Boat hooks
- 5 Nos LED Torch light (water proof)
- mirror fixed on hardtop in front of driver seat (marine grade)
- 150ft water pipe with roller (for fresh water replenishment)
- 04 Nos Raincoats (2piece)
- 04 No . Sets snorkel/mask/fins
- 04 No. Towel (large size)
- Name and logo painted in gel code (according to the information provided by Customs)
- Engine flushing pipe arrangement
- Sanitizer bottle holder
- Tissue Box holder
- Available equipment's operational and service manuals
- Sea worthiness certificate provided
- To register the vessel (according to the information provided by Customs)
