PROGRAMME BACKGROUND

The decentralization policy enacted by the current government emphasizes establishment of high-quality school systems in five selected regions of the Maldives. These high-quality school systems are aimed to equip with skilled working force to guide and facilitate learners with evidence based learning experiences along with 21st century skills.

Shaamilu Veshi is one of the projects develop in these high-quality schools to establish high quality inclusive practices so that learner diversity embrace at all levels. In this regard, Shaamilu Veshi project focuses on developing skilled inclusive teachers and leaders with all necessary knowledge and skills to strengthen inclusive practices within the selected schools and provide professional guidance to the schools within the region. In addition, the project gives an emphasis on removing barriers, both infrastructure and learning materials, and create a flexible learning environment and application of adjustments to increase participation of all the learners. Moreover, Shaamilu Veshi schools aim to apply inclusive pedagogy such as Co-Teaching, Differentiated Instructions, and Universal Design for Learning to support learners to reach their highest potential. Multi-sector approach is also a key area that has given a high scope to be developed under the project, to promote

and increase community engagement where a responsible community partners can be created and engage learners in their local community.

THE AIM OF THE PROJECT:

To develop a model Universal Design School with all co-features to ensure equitable quality inclusive education by inculcating an inclusive school culture that respect learner diversity at all levels.

Specific objectives are:

- To create a welcoming environment at Shaamilu Veshi that embraces ALL the learners including Students with Complex Learning Profile (SCLP).
- To develop human resource capacity of 'Shaamilu Veshi' schools and makes teachers expertise in the field of inclusive pedagogy including Universal Design for Learning, Co-Teaching Model and Differentiated Instructions.
- To train specialized teachers for specific categories including sign language and use of braille in both Dhivehi and English language and provide school based therapy services.
- To build accessible infrastructure at Shaamilu Veshi schools including school gate, library, laboratory, main hall, classrooms, playgrounds, washrooms, and drinking water area.
- To provide accessible learning materials such as audio textbooks and easy read versions to increase participation of all the students.
- To implement Co-Teaching, Universal Design Learning model, and Differentiated Instructions in primary grades and monitor progress of learners.
- To support schools and families with SCLP by increasing local community participation.
