

LED Panel installation and operation at A.A Ukulhas Convention Center

The Auditor General's Office is seeking proposals for two indoor LED Display Wall (10 x 6 feet each; approximate aspect ratio 16:9) with a video processor and installation at the Convention Centre at AA. Ukulhas.

Scope of Work

- Installation of two indoor LED Display Wall (10 x 6 feet each; approximate aspect ratio 16:9)
- Complete installation to be done by the winning party. The Panels will be mounted at both sides of the stage (size of the stage: 40 x 12 feet, see diagram on page 5)
- HDMI and Sound Outputs to be provided for AGO use for live streaming purpose.
- Items to be displayed (expected, but not limited to):
 - o PowerPoint presentations
 - o Video clips
 - o Image slides
 - o Zoom Presentations (HDMI feed will be provided)
- A technician must always be present at the site to attend and fix any issues that may arise at the time of the event.
- Presentation switching and other technical tasks related to the Panels to be done by the winning party.
- Bid to be proposed inclusive of all charges including travelling, food, stay and installation or any other charges.
- Duration of the event, 3 days (4-6 July 2022, from 0800 to 1730 hrs each day)
- Installation to be completed and displays to be fully functioning latest by the night of 2nd July 2022.

DAY 1 (Morning)
