## **1. Introduction and Background**

With the adoption of the Paris Agreement (PA), adopted at the 21st Conference of the Parties (COP) to the UNFCCC in December 2015, all countries agreed on an enhanced transparency framework (ETF) for action and support (Article 13), with built-in flexibility which takes into account Parties' different capacities and builds upon collective experience. The Paris Agreement, sets out a global action plan that puts the world on track to avoid dangerous climate change by limiting global warming to well below 2°C. It establishes that each individual Party should submit a Nationally Determined Contribution and revise it every five years in order to achieve the global goal of reducing greenhouse gas (GHG) emissions.

In the context of the ETF, countries are expected to track and report progress towards achieving their NDCs, and communicate adaptation actions, including good practices, priorities, needs and gaps, so as to inform the global stock take under Article 14 of the Agreement. Besides submitting their National Communications (NCs) every four years, signatory countries will be expected to submit Biennial Transparency Reports (BTRs) including a National Inventory Report every two years starting from December 2024, thus replacing the Biennial Update Reports (BURs).

Under this stand-alone BTR project, Maldives will receive support to prepare its First BTR and submit it to the UNFCCC by December 2024, in compliance with UNFCCC and PA reporting requirements and in alignment to national development goals, with built-in flexibility provided in light of its capacities. Moreover, the country will be supported to undertake a self-assessment and stocktaking exercise for the preparation of subsequent BTRs.

The Ministry of Environment, Climate Change and Technology is seeking a qualified short-term Consultant to develop detailed Project Implementation Plan for Maldives First Biennial Transparency Report (BTR) to the UNFCCC.

## **2. Objective**

The primary objective of this task is to develop a comprehensive Project Implementation plan (PIP) to support Maldives prepare and submit its First Biennial Transparency Report (BTR) that complies with the United Nations Framework Convention on Climate Change (UNFCCC) and Paris Agreement reporting requirements while responding to national development goals.

The BTR shall allow for “built-in flexibility” if the country needs it in light of its capacities and national circumstances, priorities and needs, while bridging gaps identified. The content of the BTR must follow the Modalities, Procedures and Guidelines for the transparency framework for action and support referred to in Article 13 of the Paris Agreement (FCCC/PA/CMA/2018/3/Add.2). Moreover, as adopted at COP 26 in Decision 5/CMA.3, the following will be observed: (i) outlines for the BTR & national inventory document (NIR); (ii) the common reporting tables and common tabular formats for reporting GHG Inventory, NDC progress, financial, technology development and transfer and capacity-building support provided and mobilized, as well as support needed and received

(FCCC/PA/CMA/2021/10/Add.2). The BTR project will build on findings and recommendations from previous NC and BUR as well as recommendations resulting from the International Consultation and Analysis (ICA) process.

### 3. Scope of Assignment

The objectives of the consultancy services are as follows:

- i. Undertake a national stocktaking exercise to review the work carried out under previous national communication (NC) and BUR processes, identify gaps in knowledge and scope and propose priority areas;
- ii. Conduct national consultations to identify a preliminary list of stakeholders and their potential role in the national communication process to help design an optimal institutional arrangement and coordination mechanisms for the BTR1 process; and
- iii. Prepare a Project Implementation Plan for the BTR1 project.

The scope of the assignment will include but will not be limited to the following:

1. Develop the comprehensive scope of work to be undertaken depending on the national circumstances/priorities/needs and gaps identified in the previous reports (NC, BUR, ICA process, other capacity needs assessments) on the following BTR chapters (output 1):
  - National Inventory report (NIR) of anthropogenic emissions by sources and removals by sinks of greenhouse gases;
  - Information necessary to track progress made in implementing and achieving nationally determined contributions under Article 4 of the Paris Agreement
  - Information related to climate change impacts and adaptation under Article 7 of the Paris Agreement.
  - Information on financial, technology development and transfer and capacity-building support needed and received under under Articles 9–11 of the Paris Agreement
2. Provide a detailed stakeholder engagement plan to allow the country to engage stakeholders in the BTR elaboration process, raise general awareness, build stakeholders capacities, and promote regional networking, peer-to-peer exchange and knowledge sharing; describe how stakeholder engagement activities, reviews and the publication and submission of the BTR report will be organized, including proposed budget, timeline (Annex A of the PIP) and ToRs required (Annex B of the PIP);
3. Develop the Terms of Reference for individual or organizational contracts required under the BTR project, e.g. project personnel, national experts, consultants, private companies and implementing partners where applicable (Annex B of the PIP);
4. Conduct a baseline institutional capacity assessment concerning UNFCCC reporting requirements;
5. Propose detailed project implementation arrangements for the BTR project;
6. Describe the methodology/mainstreaming plan for gender and women's empowerment in project implementation and monitoring, including related budget;

7. Develop a detailed budget and work plan (Annex A of the PIP) to accomplish the BTR.
8. Develop a scope of work to direct the self-assessment and stocktaking report for the preparation of subsequent BTRs (output 2), including budget, timeline (Annex A of the PIP) and ToRs (Annex B of the PIP);

#### 4. Key Deliverables

The consultant shall prepare and submit the following deliverables to the Ministry of Environment, Climate Change and Technology:

D1. Summary Report on the stocktaking exercise to review the work carried out under previous national communication (NC) and BUR processes, identify gaps in knowledge and scope and propose priority areas.

D.2. Summary Report of outcomes of stakeholders' consultations; stakeholder engagement plan; baseline institutional capacity assessment concerning UNFCCC reporting requirements; methodology/mainstreaming plan for gender and women's empowerment in project implementation and monitoring; proposal on institutional arrangements for BTR1 project implementation.

D.3. A draft PIP for the preparation of the BTR1 for Maldives, detailing the scope of work to be undertaken under the project outputs and BTR chapters, including budget and work plan (Annex A) and TORs for all for individual or organizational contracts required under the BTR1 project (e.g. project personnel, national experts, consultants, private companies and implementing partners where applicable – Annex B), in line with Government priorities, UNEP, GEF and UNFCCC relevant guidelines.

D.4. A validated PIP for the preparation of the BTR1 for Maldives, detailing the scope of work to be undertaken under the project outputs and BTR chapters, including budget and work plan (Annex A) and TORs for all for individual or organizational contracts required under the BTR1 project (e.g. project personnel, national experts, consultants, private companies and implementing partners where applicable – Annex B), in line with Government priorities, UNEP, GEF and UNFCCC relevant guidelines.

#### 5. Payment

Payments will be affected upon submission and acceptance of satisfactory quality deliverables as per the following schedule. The consultant may submit the work schedule as given in the "TECH FORM 3- Work Schedule":

- i. 25% upon the initial stockholding report and stakeholder's consultation report (D1 and D2);
- ii. 35% upon the draft PIP (D3); and
- iii. 40% upon the final PIP (D4).

## **6. Duration of the Consultancy**

The contract duration will be **3 calendar months** from the commencement of the assignment.

## **7. Provision of Monitoring and Progress Controls**

The consultant is expected to work closely with the Climate Change Department of the Ministry of Environment, Climate Change and Technology and will report directly to person designated to the task during the assignment.

<b>5</b>	<b>Arithmetic</b>	
	5.1	Provided that the Tender is substantially responsive, the Employer shall correct arithmetical errors on the following basis:
	5.1.1	only for unit price contracts, if there is a discrepancy between the unit price and the total price that is obtained by multiplying the unit price and quantity, the unit price shall prevail and the total price shall be corrected, unless in the opinion of the Employer there is an obvious misplacement of the decimal point in the unit price, in which case the total price as quoted shall govern and the unit price shall be corrected;
	5.1.2	if there is an error in a total corresponding to the addition or subtraction of subtotals, the subtotals shall prevail and the total shall be corrected; and
	5.1.3	if there is a discrepancy between words and figures, the amount in words shall prevail, unless the amount expressed in words is related to an arithmetic error, in which case the amount in figures shall prevail subject to (a) and (b) above.
	5.2	If the Tenderer that submitted the lowest evaluated Tender does not accept the correction of errors, its Tender shall be declared non-responsive.
