VIETNAM'S TOP PROCESSOR AND EXPORTER OF
SPICES AND NUTS

- HAPROSIMEX JSC has been one of Vietnam's leading processors and exporters of agricultural produce, including pepper, cashew, coffee, cassia, star anise, and rice since 1994. Our facilities span an area of **40,000 square meters** and are **equipped with cutting-edge technology imported from Europe** that efficiently supports all manufacturing processes of sorting, cleaning, and sterilizing in line with various standards as well as customized specifications.
- HAPROSIMEX JSC has been accredited with BRC, SMETA, KOSHER, and HALAL certifications through **rigorous audits by SGS** and other renowned institutions. We also perform Ethical Sourcing, Thorough Processing, and Precise Delivery as the essentials to help us fulfill every commitment.
- HAPROSIMEX JSC is transitioning towards green production by collaborating with numerous groups of farmers for sustainable cultivation. This allows us to control all input materials in compliance with **Maximum Residue Levels (MRLs) stipulated by the EU, FDA, MFDS**, and other bodies. We have also installed solar panels atop our factory to promote renewable energy and mitigate carbon dioxide emissions.
- HAPROSIMEX JSC's products are now available in more than 70 countries worldwide, including even demanding markets such as the USA, Europe, Korea, Japan, etc.
- To continue HAPROSIMEX JSC's journey, we will relentlessly improve our competence to the utmost satisfaction of our customers and partners.
