

PrimeTM
Psyllium

About us

Prime Psyllium's founders have been involved in the trading of food grain products. Prime Psyllium was incorporated under the guidance of a group of visionaries with a mission to spread Super Food all around the globe.

We have started a manufacturing plant of Psyllium and have been involved in the manufacturing and trading of Psyllium and its related products, such as Psyllium Husk, Psyllium Husk-Powder, Psyllium Kha-Kha Powder since 1995.

We have a great understanding of the prevailing market. This knowledge helps us in coming up with quick and suitable strategies to maintain our hold in the market.

Psyllium Seeds

Psyllium seeds, derived from the *Plantago ovata* plant, are renowned for their remarkable health benefits and versatile applications. These tiny seeds are a rich source of soluble fiber, particularly mucilage, which swells upon contact with water and forms a gel-like substance. This unique property makes psyllium seeds an effective natural remedy for digestive issues, as they can alleviate constipation and promote regular bowel movements. Moreover, their ability to absorb excess water contributes to a feeling of fullness and may aid in weight management. Beyond their digestive advantages, psyllium seeds have been associated with lowering cholesterol levels due to their capacity to bind to bile acids, leading to potential cardiovascular benefits.

Available Quality:

Purity: 99% to 95%

Psyllium Seeds Powder

Available Quality:

Purity: 99% to 95%

Mesh: 40%

As per client demand we can also provide products as per BP, EP, and IP specifications.

Psyllium Husk

Psyllium husk, obtained from the *Plantago ovata* plant's seeds, is a potent source of soluble fiber. When combined with water, it forms a gel-like substance that aids digestion by promoting bowel regularity and alleviating constipation. This natural remedy's capacity to create a feeling of fullness can also support weight management.

Available Quality:

**Purity: 99%, 98%, 95%,
90%, 85%, 70%**

As per client demand we can also provide products as per BP, EP, and IP specifications.

Psyllium Husk Powder

Psyllium husk powder, derived from the husk of the *Plantago ovata* plant, is a potent source of soluble fiber with diverse health benefits. When mixed with water, it forms a gel-like substance that aids in digestion by promoting regular bowel movements and relieving constipation.

Available Quality:

Purity: 99%, 98%, 95%, 90%, 85%, 70%

Mesh: Range 40 to 100

As per client demand we can also provide products as per BP, EP, and IP specifications.

Psyllium Kha-kha Powder

(Psyllium Industrial Powder)

Psyllium Kha-Kha Powder is also known as Psyllium Industrial Powder. When psyllium seeds are processed for making psyllium husk, the extraneous material left is the Psyllium Kha-Kha Powder.

It is a by-product of psyllium husk processing. It is mainly used as animal feed, especially in horse-feed, and to prevent landscaping and soil erosion.

It can be also used for the construction of pathways, school yards, car parks, cycle paths, courts and all other paths surfacing used in garden design.

Specifications:

Purity: Range 60% to 80%

**Swell Volume:
Range 16 ml/gm to
35 ml/gm**

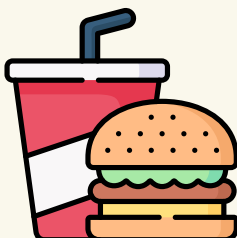

Applications:

Pharmaceutical Industry:

Our Psyllium husk and powder are widely used as thickening agent and lubricating laxative in pharmaceutical industry. The A-grade products have extraordinary medicinal and therapeutic values work wonder in **Laxation, Diabetes, Cholesterol level, Hemorrhoids etc.**

Food and Beverage Industry:

Our psyllium husk products are extensively used in food and beverage industries, especially due to their outstanding property of mucilage. The seed husk can be used as a potent thickener. Also, ice cream manufacturers use our psyllium husk as basic stabilizer. Besides, they act as an ingredient of chocolates. Psyllium husk improves the fiber content of the food and offer health benefits.

Moreover, food producers invest in our husks to utilize them as substitute, binder, and thicker in **Ice cream, Biscuits, Breads, Instant Noodles, Breakfast cereals, Bakery products, Beverages, Processed packed foods, Fruit drinks, Flavored drinks, Rice, Jams etc.**

Dietary Supplement Industry:

The demand of our psyllium husk products is great in dietary supplement industry as the healthy husks are used widely in **Capsules, Diet supplements, Powder, Granules etc.**

Applications:

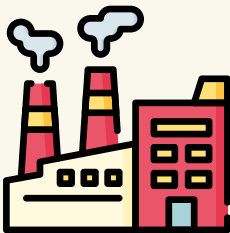

Pet Food Industry:

Psyllium husk is an excellent source of fiber. In pet industry, our husks are used to treat **Intestinal disorders, Diarrhea, Hindgut, Milk-off take, Hair balls removal etc.**
