# ABOUT US

Welcome to Lotus Food Manufacturing JSC - Our company was founded in 2010 by three Norwegian - Vietnamese. At that time, we were just a small family business with the aim of finding and supplying a source of high quality food from Vietnam to the Norwegian market, in addition we also created jobs for members in family. It went really well, we started to expand to other European countries like Germany, Netherlands, Sweden, Finland... As of today, our employees are no longer just family and acquaintances, but also many other local people.

In 2018, we became a shareholder of a rice products factory in Cu Chi District, with this step, we started to develop our own private brand - LOTUS GRAND - for products such as rice paper, rice noodle, rice vermicelli.

In late 2022, we start construction of a frozen factory in Gia Rai Town, Bac Lieu Province. We produce our own frozen vegetables products and frozen seafood products under our private brand LOTUS GRAND and use high quality and abundant local raw materials. This opens up, along with the set out goals and missions, a new area for growth and turns a new chapter in company's history.
