# Mekong's Richness in Every Bite

## About Us

"Tu Bong," a passionate family from Dong Thap, embarked on a thrilling journey in 2013, crafting vibrant fruit rolls that burst with Vietnam's juiciest tropical fruits and crisp nuts, all wrapped in traditional sticky rice paper.

Meanwhile, "Tay Cat," launched by a dedicated Tu Bong family member, shares these delightful treats globally, believing their fresh, gummy goodness can unite us all and deliver the rich, authentic flavors of the Mekong Delta in every bite!

## Fruit Rolls

Sourced from the lush Mekong Delta, our fruit rolls are made with the finest tropical fruits, including banana, pineapple, soursop, mango, tamarind, and durian. We blend these with nutrient-rich nuts like peanuts, cashews, and sesame seeds, all wrapped in delicate sticky rice paper.

Crafted with a unique production method, our fruit rolls are naturally low in sugar, preserving their authentic flavors and vibrant colors while retaining essential nutrients.

These wholesome treats make for a delightful specialty gift, offering both a delicious snacking experience and a healthy indulgence.

## Dried Fruits

Get ready for a fruity adventure! Tu Bong's dried fruit selection is packed with mouthwatering favorites like mango, bell fruit, guava, kumquat, and pomelo peel—each bite bursting with tropical goodness. Made from perfectly ripe fruits with just a touch of sweetness, these treats are fresh, fun, and totally irresistible!
