

About Us

Maheshwari Group is a third-generation Indian family business established in the 1960s in the field of Agro commodities. Started by a single person and a single company, now we are a group of over 100 people and six companies dealing in various fields at domestic and international levels. Our vision to enter this vast industry is proving an example of the difference in serving the same kind of products.

We are the importer, exporter, trader, and manufacturer of all pulses, grains, spices, oil seeds, feed, and feed additives. To ensure a wonderful and enlightening experience for all our clients, we uphold high standards of safety, world-class hygiene, and exceptional product quality. The top-quality raw material is sourced by our procurement experts and processed in our sustainable and state-of-the-art facility. We have our own manufacturing, cleaning, packaging, and processing units along with warehouse and cold storage ensuring the utmost quality of our goods for customers across the world.

Decades of rich experience have taught us to respect the market's volatility and risks. We have a domestic presence across the length and breadth of India along with global exports to over 20+ countries.

Maheshwari Group consists of following major firms:

- Maheshwari Agro Products Pvt. Ltd.
