GRAIN

Leading Rice Mill in India

Welcome to Khosla Grains Pvt. Ltd., a leading manufacturing and exporting firm in India that provides rice of the finest quality. We specialize in the export of steam-and-sella basmati rice, which is renowned for its fluffy texture and fresh aroma that adds an unforgettable taste to your regular biryani.

Khosla

Located in the heart of Basmati rice state in Punjab, India, we have access to some of the finest quality Basmati Paddy available in the world. Our commitment to quality starts with selecting only the best crop for processing, and we maintain strict quality control standards throughout all phases of production, including cleaning, sizing, sorting, grading, and packaging.

65+ Years Of Experience

11+ Countries

OUR VALUES

"Our mission is to cultivate, process, and deliver the finest rice products that meet the diverse needs of our consumers. We strive to optimize every aspect of our rice milling process, from field to table, ensuring exceptional quality, environmental responsibility, and a positive impact on the lives of farmers and consumers alike."

OUR VISION

"To be the leading provider of premium quality rice, committed to nourishing communities and fostering sustainable agriculture through innovation, integrity, and excellence."

"Elevate Your Plate with Perfect Rice."

BASMATI RICE

Basmati Rice, renowned for its aromatic fragrance and distinctive long grains, stands as a premium variety with its origins rooted in the Indian subcontinent. Cultivated in the fertile plains of the Himalayan region, Basmati is distinguished by its unique nutty flavor and delicate texture, resulting in fluffy, elongated, and non-sticky grains upon cooking. Globally acknowledged for its exceptional quality, Basmati holds a revered status in traditional South Asian cuisine, contributing significantly to the enhancement of the dining experience. This esteemed grain epitomizes a harmonious fusion of nature, tradition, and gastronomic excellence.

ONE CUP (200G) OF COOKED BASMATI RICE PROVIDES THE FOLLOWING NUTRITIONS:

205
Calories

4.2g
