

The background of the entire image is a dense, repeating pattern of stylized palm trees and clusters of small, round fruits, likely açai berries, in various shades of green. In the center, there is a large, solid purple circle. Inside this circle, the word "Juçaí" is written in a white, stylized, lowercase font. The letter 'J' is particularly large and has a unique shape. The overall aesthetic is tropical and natural.

Juçaí

AÇAÍ ELEVATED

THE ONLY AÇAÍ FROM THE
JUÇARA PALM TREE

GET TO KNOW JUÇAÍ.

From the forest to the moment of sale, from harvesting to production, everything we do is sustainable.

Juçai was born out of an environmental project in 2007. It became a business in 2009, earning a place in the Brazilian retail market, and in 2019 it was acquired by a group of investors. This provided greater solidity, more potential for business expansion, and the construction of a new, more modern factory with greater production capacity.

We are the only organic açai sorbet made with the Juçara palm tree fruit, a symbol of the Atlantic Forest.

Juçai is much more than a delicious superfood. Its production helps to conserve the Atlantic Forest and save the Juçara palm tree from extinction.

A little more of our story

Sustainability and Fair Trading are at our core.

Juçai relies on more than **800 cooperative families** for harvesting Juçara, and they are paid fairly.

The harvests preserve 33% of the fruits from each palm tree, ensuring food for forest animals and cycle maintenance. In addition, we do not use any type of synthetic fertilizers or pesticides, only natural resources.

In addition to the Juçara pulp, we use natural and organic inputs that guarantee a more attractive and vibrant color than traditional açai.

OUR PRODUCT

SUSTAINABLY
SOURCED

The Juçara açai has several advantages compared to the Amazon açai.

Ingredients

Yam

The Juçai sorbet contains organic yam. As well as increasing the creamy texture, it promotes the balance of the formula, and is also a source of slow-absorbing nutrients.

Sugars

In the composition of our sorbets we use organic sugar, free from processing prohibited by organic practices. It has zero non-allowed additives.

ORGANIC PRODUCT

Juçai is an organic product. It has all the necessary certifications and documentation, including compliance with UAE export regulations. Our production and entire process follow the best sustainability practices.

Conservation
of the Atlantic
Forest and
Juçara Palm
Tree.

For every 8 liters
you enjoy, we save
1 palm tree!
