

## WHY US?

- All of our products are Organic certified and environment-friendly
- We select our raw material suppliers & closely monitor each step of the manufacturing process
- Our recipes have been developed in cooperation with pediatricians and gastroenterologists
- Our brand product assortment is created and regularly updated considering everyday family's needs
- We work according to the **BRC** and **IFS** food safety standards

## COOPERATION AND PRIVATE LABEL

- We are **operating** in more than 25 countries around the world
- We **serve** different customers – wholesalers, retailers, distributors, HoReCa, and others
- We **focus** on each customer's needs individually
- We **develop** new products (PRIVATE LABEL) upon customers' requests & needs

## SUSTAINABILITY

Sustainability is integral to our philosophy and involves long-term security of our business. We see it as our obligation to deliver quality organic products, but also take our responsibility for the environment and future generations very seriously.
