Our Story

"Funky Ouma" originated with a very funky ousma of 10 grandchildren who loved to spoil her family and friends with wholesome cooking. Her main passion was adding flavour to every meal by only adding natural ingredients. At the age of 67 she decided to, along with her youngest daughter, start their own brand and extend this passion to every household. Farm fresh herbs and lemon zest mixed into natural salt is the foundation of the Funky Ouma flavours. No JUNK! Just pure, natural ingredients.

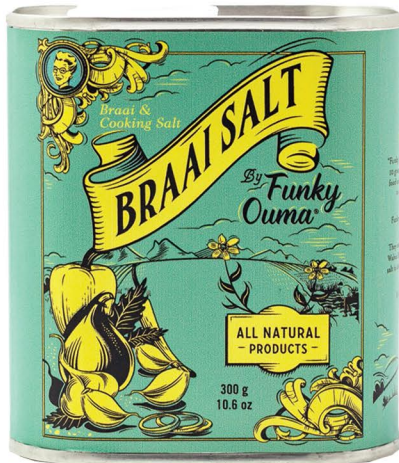

Our blends are ideal for everyday use... braai, cooking, marinating, baking etc. Our products are a tastier, natural substitute to your everyday salts and spices.
