© AMERICA FRESH 2024. ALL RIGHTS RESERVED.

AMERICA FRESH™ embodies a commitment to excellence in both product quality and social responsibility. Established in 2007, our brand has continuously thrived in the household cleaning products industry, driven by our unwavering dedication to customer satisfaction and wider societal well-being.

With our headquarters nestled in Toronto, Canada, and manufacturing operations based in China, we operate as a family-owned business, infusing our operations with a blend of global expertise and personalized care. Our state-of-the-art manufacturing facilities in China boast leading-edge equipment and stringent quality control processes, ensuring that every **AMERICA FRESH™** product meets the highest standards of excellence.

Rooted in our guiding principles of conscientious success, quality, affordability, trust, and a commitment to a better world, **AMERICA FRESH™** has not only achieved unprecedented success but has also consistently evolved to meet the dynamic needs of our consumers. From our humble beginnings in 2007, we have diversified our product range, expanded into liquid detergents, and now offer a comprehensive array of household solutions.

Our dedication to innovation extends beyond product development to encompass sustainable practices. All **AMERICA FRESH™** products are **100% biodegradable and phosphate-free**, aligning with our vision for a cleaner, greener future. Moreover, our certifications from **CNAS, IQNET, IAF, GS1, and ISO 9001** underscore our unwavering commitment to quality and excellence.

As we continue to forge ahead, **AMERICA FRESH™** remains steadfast in our pursuit of market domination, driven by a passion for improvement, innovation, and expansion. Whether through refining packaging, enhancing production processes, or broadening our global export network, we remain committed to delivering unparalleled value to our customers while upholding our core values.

At **AMERICA FRESH™**, we believe that success is not just measured in profits but in the positive impact, we create on the world around us. By prioritizing both customer satisfaction and wider social responsibility, we strive to redefine the standards of excellence in the household cleaning products industry, one product at a time.

If this sounds like a company that is a good fit for you, we invite you to connect with us and join the **AMERICA FRESH™** family. Please visit www.americafreshclean.com or email us at info@americafreshclean.com

SUSTAINABILITY IN

At America Fresh household products, we are deeply committed to sustainability, recognizing our responsibility to the planet and the communities we serve. Our mission is to redefine cleanliness through products that not only excel in performance but also prioritize the well-being of our environment.

Eco-friendly Biodegradable and Phosphate Free Formulas: We strive to develop and produce cleaning products with environmentally friendly formulas. Our commitment to sustainable ingredients ensures that our products are effective while minimizing their impact on ecosystems.

Responsible Packaging: We are dedicated to reducing our carbon footprint by utilizing recyclable and biodegradable packaging materials. Our goal is to minimize waste and promote a circular economy, contributing to a healthier planet for future generations.

Energy Efficiency: Efficiency is at the core of our operations. We continuously invest in energy-efficient technologies to reduce our energy consumption and greenhouse gas emissions, fostering a cleaner and greener manufacturing process.

Ethical Sourcing: We source our raw materials responsibly, prioritizing suppliers who share our commitment to ethical and sustainable practices. This ensures that our products not only meet high-quality standards but also contribute positively to the communities from which they originate.

Water Conservation: We recognize the importance of water as a precious resource. Our manufacturing processes are designed to minimize water usage, and we actively explore innovative solutions to reduce water consumption across our entire supply chain.

Community Engagement: Beyond our products, we engage with and support local communities. We believe in being a positive force for social change, fostering partnerships and initiatives that contribute to the well-being of the communities where we operate.

LIQUID DETERGENT

Liquid detergents offer versatile cleaning solutions for laundry needs, providing effective stain and dirt removal when used in washing machines. Their liquid form allows for easy dispensing and dissolving in water, ensuring thorough coverage and penetration into fabrics. Typically containing a blend of surfactants, enzymes, and cleaning agents, liquid detergents efficiently lift and suspend soils, leaving laundry clean and fresh.

PHOSPHATE FREE: Bleach without phosphates: eco-friendly, safe, effective cleaning.

HIGH EFFICIENCY & REGULAR MACHINES: Efficient for high capacity and standard washing machines.

FRONT LOADED & TOP LOADED: Can be loaded from the top and front of the machine.

RECYCLABLE: Reusable or able to be used again.

BIODEGRADABLE

BIODEGRADABLE: Easily breaks down into harmless substances over time.

HELP THE ENVIRONMENT: Assist in preserving ecosystems and reducing ecological impact.

HAND WASH SAFE: Safe for washing by hand without causing harm.

LIQUID DETERGENT

ESSENTIALS

ORIGINAL

Original scent carefully curated blend of floral elements unfolds gracefully of different flower Scents. Soft and subtly sweet.

500 mL - 1.48 L (50 fl oz) -
2.96 L (100 fl oz)

SPECIALITIES

ORIGINAL + COLD WATER

The floral fragrance is a combination of different flower Scents. Soft and subtly sweet, designed to prevent static, help with wrinkles, and make the materials feel softer. 50% less energy when you switch loads from warm to cold.

500 mL - 1.48 L (50 fl oz) - 2.96 L (100 fl oz)

VIOLET + COLOR CARE

A Soft smell protects your color garments from fading out and giving the finest texture. Our formula contains active ingredients that act as a dye magnet that collects loose dye particles during the wash preventing color transfer and fading so dark colors stay dark for longer.

500 mL - 1.48 L (50 fl oz) - 2.96 L (100 fl oz)

LIQUID DETERGENT

SPECIALITIES

EUCALYPTUS + ANTIBACTERIAL

Exudes a crisp, invigorating scent of eucalyptus. Its purifying properties leave laundry smelling naturally fresh and free of unwanted odours, providing a clean and comforting sensation with every wash.

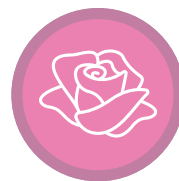

1.48 L (50 fl oz)

ROSES + OXI

Imbues each wash with the enchanting essence of freshly bloomed roses. Its potent formula not only cleans effectively but also leaves clothes delicately perfumed.

1.48 L (50 fl oz) - 2.96 L (100 fl oz)

SENSITIVE + HYPOALLERGENIC

Offers a subtle blend of soft, clean, airy notes. Designed to be gentle on sensitive skin. Its soothing scent evokes the comforting embrace of a mother's warmth, leaving fabrics feeling fresh for the little ones. 100% hypoallergenic.

1.48 L (50 fl oz) - 2.96 (100 fl oz)

POWDER DETERGENT

Powder detergents are highly effective cleaning agents designed to remove stains and dirt from clothing and fabrics when used in washing machines. Their concentrated formula ensures thorough cleaning, often enhancing whites and preserving colors. Comprised of a blend of surfactants, enzymes, and other cleaning agents, these powders create a soapy solution when dissolved in water, penetrating fabrics to lift and suspend soils for a clean and fresh outcome.

PHOSPHATE FREE: Bleach without phosphates: eco-friendly, safe, effective cleaning.

HIGH EFFICIENCY & REGULAR MACHINES: Efficient for high capacity and standard washing machines.

FRONT LOADED & TOP LOADED: Can be loaded from the top and front of the machine.

STAIN REMOVER

A specialized cleaning product designed to eliminate stains from various surfaces such as clothing, upholstery, and carpets. It works by breaking down and lifting the molecular bonds of the stain, making it easier to remove during washing or wiping. Effective stain removers target specific types of stains, ensuring a thorough and efficient cleaning process without damaging the material.

FRAGRANCE BOOSTERS

Designed to enhance and prolong the scent of your laundry detergent, leaving your clothes smelling fresher for longer. They come in the form of small pellets or beads that are added directly into your washing machine along with your regular detergent, releasing a burst of fragrance during the wash cycle. By using a fragrance booster, you can enjoy a stronger, longer-lasting scent on your clothes, towels, and bedding, without having to use more detergent or fabric softener.

RECYCLABLE:
Reusable or able to
