

[our company and history]

In 1970 Agro-Diversas was formed, and under the leadership of its founder the company pioneered the commercialization of Guatemala's highland cardamom to the Middle East. Over the preceding years the company remained a dynamic force - regularly implementing new technologies and exploring new markets. In Its constant pursuit to better serve our clients.

Today, Agro Diversas has grown into a major world supplier of the spice. Recognized for its unrivalled quality amongst exporters and its state of the art facilities, our company is uniquely positioned to continue meeting the challenges of a growing market.

[our cardamom]

Our cardamom truly merits the name "Queen of Spices". Its intense aroma, unique taste and numerous health benefits have drawn and fascinated people in every corner of the world. It is used as a key cooking ingredient in the Indian Subcontinent, as the basis of delicious coffee blends in the Middle East and as an additive to lotions and fragrances elsewhere.

The purchase of Agro Diversas products is a guarantee of true quality and excellence.
