關於我們

寬達生技於2005年由Grace與先生共同創建。從彰化的一間小型蜜餞工廠起家，一支高山梅產品出色的表現，奠定了品牌基礎。以「高品質、無添加、傳達臺灣好食品的精神」為中心，不只致力於傳統製作工藝的提昇，更致力於產品多元化和創新。從堅果、香菇乾、到鳳梨酥、調料，每一步的成長都顯示了寬達的轉型決心和能力。高規格的設備與嚴格控管品質的雙重要求下，榮獲ISO22000、HACCP及 HALAL清真等多項國際食品安全認證殊榮。過去是自產自銷的工廠，現在的寬達已逐步轉變為出口貿易公司，致力於推廣多元的臺灣食品，如麵食、糕餅、肉乾、肉鬆、醬油、蜂蜜、餅乾、果凍等。臺灣的飲食文化，如同寬達的故事，都將透過我們的產品走向全世界。旗下「Plumpy's」、「玩梅女人」等多個自有品牌，不僅重新詮釋臺灣食品的創意軟食力，也為台灣食品出口全世界設立新標竿：用最純粹的滋味，傳遞最難以忘懷的

幸福...

GROUND BIOTECH CO., LTD. was founded in 2005 by Grace and her husband. The company started from a small plum factory in Changhua, Taiwan, and it was their outstanding dried plum product that laid the foundation for the company. Centred around the principles of "high quality, additive-free, and conveying the spirit of Taiwan's excellent food", they are not only committed to enhancing traditional craftsmanship but also dedicated to diversifying and innovating their product line. From nuts and mushroom jerky to pineapple cakes and seasonings, each step of their growth demonstrates Ground Biotech's determination and ability to transform. With high-standard equipment and strict quality control, they have won several international food safety certifications, including ISO22000, HACCP, and HALAL. Formerly a self-production and self-sale factory, Ground Biotech has gradually transformed into an export trading company, committed to promoting a variety of Taiwanese foods such as noodles, pastries, jerkies, pork floss, soy sauce, honey, biscuits, jelly, and much more. The food culture of Taiwan, like the story of Ground Biotech, is being brought to the world through their products. Under its own brands such as "Plumpy's" and "Ms. Plum", it not only reinterprets the creative soft power of Taiwanese food, but also sets a new benchmark for Taiwan's food export to the world: delivering the best flavours and conveying joy.
