

PRODUCER OF FLAVOURS  
FOR FOOD INDUSTRY

**FLAVOURS FACTORY**<sup>®</sup>  
TASTE DESIGN

# ABOUT US

Flavours Factory is a Polish company specialising in manufacturing a wide range of flavours and functional mixes for the food industry. We support our business partners not only by supplying them with top quality products but also by being actively involved in new products concepts development and reviewing their compliance with food laws. Our products are perfectly tailored to customers' requirements.

# PRODUCTS

Our products have natural taste and smell since nature is our greatest inspiration. Caring for the highest quality of our products, we use only carefully selected raw materials derived from reliable sources. To meet current market trends and our customers' needs, our technologists designed a wide range of natural flavours. Our goal is to create healthy products characterized by excellent taste. The raw materials we use are meticulously selected by our team of specialists. Thanks to great attention we pay to the details and our know-how, Flavours Factory creates products of high stability and repeatability that fulfill our clients' expectations. Our natural flavours can be also tailored to specific requests.

# OFFER

In our offer you will find a wide range of scents intended for almost every branch of the food industry. Our specialists will help not only in choosing the appropriate flavour for your needs but will also design a ready-made solution based on a preliminary analysis of client's portfolio, news and market trends, as well as final product assessment in external consumer surveys. We also support our clients with professional advice, evaluation and consultation of food legislation, with a particular emphasis on food additives and the issue of product labelling. As part of our collaboration, our clients can expect comprehensive services and availability of our team of experts. To each business partner we assign a dedicated specialist who will answer any questions about our business and provide support in the process of tendering and contract delivery.
