Company Introduction

NFOOD Co., Ltd.

Company Philosophy

With the philosophy of
"Respect for humanity with sincere love for people."
NFood is a healthy company that produces
safe and hygienic products.

NFOOD Co., Ltd. was established in August 1998 as a food manufacturing company and has been operating for 26 years, producing safe and hygienic products as a healthy and trustworthy business.

As modern life changes rapidly, NFOOD strives to keep pace by offering convenient and sanitary food products, bringing joy to eating.

With certifications such as GMP, HACCP, ISO22000, Indonesia Halal, and designations like R&D Center, Inno-Biz, and Venture Company, we continuously develop new products through advanced technology, high-quality ingredients, and strict quality control.

With trust as our foundation, we look toward the future while delivering satisfaction today. We will continue to be by your side, committed to providing healthy and delicious food.

Product Packaging - HDPE Container

Square Bottle (1.5L)

Round Bottle (1.8kg)

Fruit Syrup – Bottle

Flavors   Lemon, Grapefruit, Green Grape, Citron

Packaging   1.8kg × 6ea

Features   · Convenient use with syrup, pulp, flavor, and concentrate all combined in one.
· Safe and easy to use with a one-touch cap that prevents spills.
· Long-term storage at room temperature is possible.
· Made with HDPE container, reducing the risk of breakage.
· Versatile usage (for tea, beverages, topping syrup, dressing, cocktails, latte, etc.).

Fruit Syrup – Pouch

Flavors	Lemon, Grapefruit, Citron, Blueberry

Packaging	60g × 15ea

Features	· Each 60g pouch allows for precise measurement without a pump or scale.
	· Individually packed for one-time use, making it usable until the expiration date.
	· Can be stored at room temperature year-round, from winter to summer.
	· The aluminum pouch prevents browning and preserves the original color.

Kid's Jelly

Ingredients Colostrum, Calcium, Red Ginseng

Packaging 15g × 10ea

Features
· Contains vitamins and minerals beneficial for children's and adolescents' balanced growth.
· Fruity flavors that children love (Strawberry / Peach).
· Made without added sugar, using fruit concentrate and oligosaccharides.
· Stick-type packaging makes it convenient to carry and consume anytime, anywhere.
· Tastes even better when chilled or frozen.

Halal Jelly

Ingredients Red Ginseng, Peach, Black Garlic, Black Balloon Flower Root, Pomegranate

Packaging 15g × 12ea / 15g × 5ea

Features
· Made into jelly form for easy and convenient consumption of red ginseng, black garlic, etc., which support improved health functions.
· Contains 1,000mg of fish collagen, which is effective for skin improvement and anti-aging.
· Includes 100% of the daily recommended intake of essential nutrients such as Vitamin D, E, B2, B6, Zinc, and Selenium.
· No added sugar or sweeteners, making it safe for consumption.
· Halal-certified product manufactured in hygienic facilities ensuring food safety.

Beauty Jelly

Ingredients
Fish Collagen, Glutathione, Cherry Concentrate, Turmeric Extract, Vitamins

Packaging
15g × 10ea × 3case

Features
· Low-molecular-weight fish collagen for easy absorption, aiding in skin regeneration, elasticity, and anti-aging.
· Glutathione helps with skin whitening and reducing pigmentation.
· Rich in vitamins that nourish the skin and help maintain a bright and smooth complexion.
· Delicious and easy to consume in jelly form.
· Stick-type packaging for excellent portability.

OEM/ODM

Ingredients Lemon Concentrate, Vitamin C

Packaging 22g × 20ea

Features

· A jelly stick that allows convenient vitamin intake without water.
· Refreshing lemon flavor enjoyed by all ages.
· Tastes even better when chilled or frozen.
