Minimize your waste of time, space and money

- Volume reduction of 80%
- Mobile for ease of movement
- Crushes 600 bottles in 2 minutes
- Loading capacity of 680 bottles (140L bin)
- Creates 100% recyclable crushed glass

The GC600 Glass Crusher is ideal for hospitality or other businesses handling large volumes of waste glass bottles. It can crush up 600 bottles in just 2 minutes, reducing the volume by up 80%.

The GC600 Glass Crusher is a heavy duty glass crusher that can crush up to 600 bottles in just 2 minutes.

Crushing glass reduces its volume by up to 80% which not only represents a dramatic saving on space, but also a hygienic solution for handling glass waste.

An integrated extraction unit minimizes the risk of glass dust from bottles.
