Production
Logistics-/
Distribution centers
Hardware Manufacturer

Minimize your waste of time, space and money

- Large feed opening
- Cord or Easy Loop wire tie option
- Produces 500 kg bale of cardboard
- Mode selector between cardboard and foil
- Vertical Lift Up Auto Door System for ease of use
- Bale full indicator

The Mil-tek 50SD is an ideal baler for use in industry, logistics, wholesale, retail and all kinds of production.

The very solid construction of the 50SD allows a strong compression of cardboard, plastic and PET.

Easy filling through automatic opening of the filling door. Easy bonding of the bales with tape or wire

The baler produces bales in ideal sizes for transport to final recycling.
