## DANLESCO GROUP

The flagship operation of Danlesco Group, Danlesco Gulf LLC is a dedicated, professional and specialist manufacturer representative company with head office in Dubai & branches in Abu Dhabi and Hamriyah Free Zone, U.A.E.

Saudi Global Trading Company is the Distributor Company of Danlesco providing support in Saudi Arabia.

Danlesco Gulf Enterprise L.L.C. is the Danlesco Group Company supporting activities in Qatar.

Danlesco has a vast network of other distributors and partners covering sales and service for the entire Middle East region.

Danlesco's range of activities include supply and maintenance of weighbridges, all types of industrial, retail & laboratory weighing scales with other divisions covering packaging, marking and coding, inspection, food processing equipment and consumables. Danlesco has an extensive team of trained engineers to support all products that are sold through the various divisions.

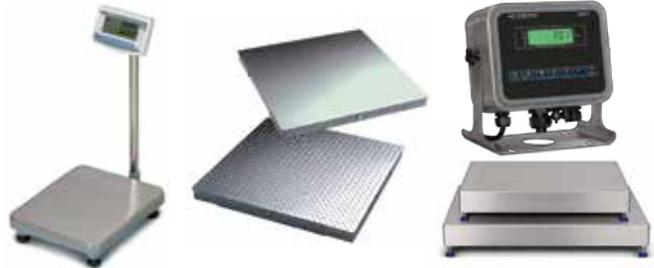

Danlesco Gulf LLC is the Exclusive Master Distributor for Avery Weigh - tronix (UK) Weighbridges / Weighing Systems. The quality of Avery Weigh- tronix (UK) Weighing products and the excellent service back- up by well qualified Factory Trained Danlesco Service Engineers helped us to install almost 1000 weighbridges across the Middle East Region. Products includes full range of weighing systems like platform scales, table top scales, check weighers, crane scales, filling machines, Tank weighing, Axle weighing, Baggage weighers, Rail weighing, un-manned / Standard Weighbridges, ATEX approved or stainless steel weighing systems, Standard / Programmable indicators or any type of Analogue / Digital Loadcells

## DIBAL

### Dibal Barcode Label / Receipt Printing Digital Weighing Scale

- ⇒ 500 Series for printing labels with barcodes & receipt/bill printing
- ⇒ Tower / Flat / Hanging / Double Body / Self Service Models Available
- ⇒ Good for attracting clients & improving the overall feel of the store
- ⇒ 30 kgs Weighing Capacity with 2000- 10,000 PLUS
- ⇒ Attractive 7" Colour Graphic, Touch screen LCD
- ⇒ Full Graphic User Interface Software Control Available
- ⇒ Flexible Label & Receipt Formatting

◆ DANLESCO is the leading supplier for various kinds of labels in the Middle East. We specialize in various types, sizes & qualities. We do customized printing bulk jobs. We supply Weighing Scale Labels, Barcode Labels, Shelf Edge Labels, POS Rolls, Garment Tags, Round Labels, Plastic Labels, Promotional Labels, Destructive Labels, etc. Our labels enhance the printhead life & printer assembly durability. We recommend using our labels for our weighing scales & other machines. Call us to find out more details.

## CHICKEN GRILLER / ROTISSERIE

Forms: Single Table Top or Stacked on Floor  
 Capacity: 16,25,48 & 96 Chickens per Grill  
 Types: Manual and Programmable Controls

**MDD**

Maximum transparency and food visibility; full focus on the food  
 Ultra-thin shelves; unobstructed view of your products.  
 LED shelf lighting puts your food in the spotlights.  
 Multi Temp function for individual shelf temperature settings.  
 Hot Blanket Technology: Energy efficient combination of hot air recirculation and conduction  
 Double pane glass on both sides; optimal insulation  
 Solid back model for placement against a wall  
 Pass-through model for easy rear loading  
 Three widths (60, 90 or 120 CM) and three heights (3, 4 or 5 shelves)

## MCC

### HOT DISPLAY

### COLD DISPLAY

### HOT AND COLD DISPLAY COMBINATION

Excellent Visibility - Your product is here being visible from all sides.  
 Superior Holding - Patented technology holds excellent quality for much longer.  
 Versatility - Mix and match hot and cold and different sizes to your perfect lay-out.

## DISPLAY / MERCHANDISING SOLUTIONS

- Hot Multi Deck Self Service Display for Chicken / Snacks
- Rotisserie Display Combination
- Server Over Displays - Square or Curve
- Bakery Display Solutions
- Deli Display Solutions
- Hot Table Top Displays
- Customised Display Projects

## LOMA METAL DETECTOR TYPES

- ⇒ Conveyor Based - For packed / finished products
- ⇒ Vertical Fall - For free flow products on line or packaging machine with a built in rejection system
- ⇒ Waferthin - For free flow products below multihead products before the packing machine
- ⇒ Pipeline - For pipe flow liquid / semi-liquid products
- ⇒ Pharmaceutical - For tablets / pills after de-duster

## LOMA METAL DETECTOR BENEFITS

- ⇒ Digitally Variable Frequency for use with wide variety of products from dry to very wet to metallized films
- ⇒ High level of IP 69k / IP 66 protection rating
- ⇒ Designed to Survive Hygienic Designs
- ⇒ To produce safe, hygienic and high quality food products with high assurance and reliability
- ⇒ Built with Stainless Steel & high quality components

*Designed To Survive*

## LOMA CHECKWEIGHERS

- ⇒ Unrivaled loadcell provides accuracy from 0.2g
- ⇒ IP 66 Protection Rating for wet environments
- ⇒ Designed to handle all types of products, flexible & rigid product and packages
- ⇒ For quality assurance & reliability
- ⇒ Fast, simple and accurate setup with easy switch between 500 products

## COMBINATION SYSTEMS

- ⇒ Combined Checkweigher & Metal Detector
- ⇒ Combined Checkweigher & X-Ray Inspection System
- ⇒ Cost effective solution compared to individual machines

## LOMA X-RAY SYSTEM TYPES

- ⇒ Conveyor Based - For packed / finished products
- ⇒ Compact Conveyor Based - For packed / finished products
- ⇒ Pipeline - For pipe flowing liquid / semi-liquid products
- ⇒ Bulk Flow - For bulk flowing loose products like nuts, spices, free flow products, etc
- ⇒ Large Type - For larger sized products, heavy duty

## LOMA X-RAY BENEFITS

- ⇒ Detects metal, glass, ceramic, bone, stone & hard plastics
- ⇒ Detects incomplete, missing & deformed products
- ⇒ Capable of product and pack integrity checks
- ⇒ 0.4 mm diode; high detection capabilities; quality assured
- ⇒ Variable diode sizes possible with AAT (0.4, 0.8, 1.6 mm)
- ⇒ Scans products in metallic packaging with ease
