## Group of Companies

## Introduction

M Raheem Rice Processing Mills, a flagship project of a distinguished and rapidly expanding enterprise, stands as a premier processor and exporter of super Basmati, 1121 Steamed Rice, and 1121 Parboiled Rice from Pakistan to esteemed markets in the Gulf, Europe, USA, and Australia. Leveraging state-of-the-art technological advancements in Husking, Rice Milling, and Re-Processing, we ensure the highest standards of quality and efficiency.

Situated in the heart of Punjab, the epicenter of premium rice cultivation, our cutting-edge Husking and Processing facility benefits from the region's renowned rice-growing locales. Complemented by a dedicated Quality Testing Lab and over 50,000 Metric Tons of warehousing space sprawled across expansive grounds, we are committed to delivering unparalleled quality rice to our discerning clientele. With a processing capacity exceeding 35 metric tons per hour, we ensure prompt and efficient service.

At M Raheem Rice Processing Mills, our ethos revolves around delivering excellence in every grain. Guided by the visionary leadership of Mr. Gul Muhammad, Founder and Chairman of group of companies, our journey traces back to the pioneering efforts of Haji Gul Muhammad in 1992. With an unwavering commitment to superior quality and affordability, we take pride in our reputation as purveyors of traditional taste and uncompromising excellence.

## Vision & Mission

Our Mission to Become the Market Leader in Exports by Providing Highest Quality of Rice as Well as Best Services to Our Customers. Customer Satisfaction Is Our Ultimate Goal.
