

Since 1962

Product Catalog
2024

With a modern factory located in **Santo Antônio da Patrulha/RS**, DaColônia has been increasingly investing in the qualification and development of its employees, in selected raw materials, and in technological production processes. The quality of its products is certified by the Pro-Peanut Program, responsible for ensuring the safety of peanut products. Associated companies that possess the **"Pro-Peanut Quality Certified - ABICAB"** seal meet the requirements of legislation regarding aflatoxin levels and manufacture peanut-based products that are completely safe (audited and monitored by DNV-GL audit).

We also hold Vegan Product and Organic Product certifications, guaranteeing the origin and quality of products identified by these seals.

ENVIRONMENTAL CARE

DaColônia advocates and practices environmentally friendly habits in its processes; all factory energy is generated by solar panels, ensuring economy and preservation of natural resources.

	PRODUCT	NET WEIGHT PER UNIT	BARCODES / UNITS	BOX	BOX	EXPIRY DATE /DAYS	EXPIRY DATE /MONTH
