Presenter Name:Connie Chen

CONTENT TO PRESENT

1. Company introduction
2. Factory show
3. Products show
4. Buiness & business experience
5. Thanks for your attention

Factory Introduction

- Since 2003 we have done export business, based on our full range of products, such as cake cooler, chest freezers, back bar cooler and showcase coolers, we have got a good market and high reputation from overseas. In 2014, our production capacity amounted to over 320,000 units. Plant covers about 90 thousand square meters. owned RMB100 million fixed assets with about 650 workers. For overseas markets, great innovation has happened recently as well. To strengthen exporting capabilities, we invested a lot to build a new workshop and office building, import more automatic machine. our management system is totally in accordance with international standards. Besides, a range of new showcase and freezers which are especially designed for European countries will come out afterwards.

Our business principle is quite clear. In domestic market, we devote ourselves to promoting our brand, For overseas markets, we pay great attention to quality control, technology development, and environmental protection.

Quality control:

- 1) Control the quality of our own manufactured parts and components, such as plastic parts, metal parts, molding and tooling, and other related products.
- 2) We have the certificate which requested by market like CCC, CE, CB, ROHS, GS, MEPS, SASO, ETL and UL certification.
