## Quality and Customer Service

Customer is the main focus of our company. We ensure that our customers consistently receive excellent quality Ends that are fit for purpose and always On-Time-In-Full. We use state-of-the-art technologies through which data are automatically fed to SPC for monitoring and controlling of the quality parameters. Our Integrated Management System (IMS) is certified for all the combined International Standards such as ISO 9001:2015, ISO 14001:2015, ISO 45001:2018 & BRCGS Issue 6. We provide extensive Customer Technical Support (CTS) to ensure our products perform as intended at the customers which include process audit, technical advice, training on seaming process and product handling.

## Sustainability

Sustainability is the core of our Excellence strategy. Our 100% recyclable products are under continuous development for light-weighting and carbon foot print reduction. Nafcel supports the local community thought programs and events to create a positive social impact. We continuously develop our team to be more competitive and productive.

We are committed to improve our systems and processes to be in line with modern technologies especially for green environment.

## **STRIVE for Excellence**

Nafcel launched "STRIVE" which is a continuous improvement program that aims at excellence in all aspects of operations. It covers Sustainability, Environment, Safety, Quality, Manufacturing, People, Sales, Marketing, Supply Chain and Finance. STRIVE is based on the principles of Lean 6-Sigma and benchmarks against best-in-class practices.
