

## MOFFETT TRUCK MOUNTED FORKLIFTS POULTRY PRODUCT RANGE

When it comes to poultry handling, MOFFETT's engineered solutions reduce down time and optimize operations for your baby chick, live haul, live receiving, and protein recovery operations. Through constant innovation, and by responding to extensive end-user feedback and field observation, MOFFETT has gained the respect of the poultry industry. MOFFETT offers four models to fit your poultry handling needs.

### MOFFETT ADDRESSES YOUR INDUSTRY PAIN POINTS

MOFFETT truck mounted forklifts promise safety, cost efficiency, and reliable performance. A MOFFETT truck mounted forklift is the ideal productivity tool for delivering more in your business. Its innovative design delivers simple and efficient loading and unloading of the forklift itself and its cargo. With the ability to mount conveniently at the rear of a truck or trailer, more goods can be transported, resulting in increased productivity and more profits. With a durable and tough construction that is still light and maneuverable, the MOFFETT truck mounted forklift provides more precision, more versatility, and more competitive edge.

**SAFETY** - MOFFETT exceeds industry expectations by setting the standard in safety and user-focused control systems, so every working day is optimized while keeping operators safe and in control and minimizing damage to the cargo.

**EFFICIENCY** - With a MOFFETT truck mounted forklift, operators can dismount/mount the forklift in less than 60 seconds without assistance. The faster turnaround translates into better efficiency and increased profitability. The MOFFETT allows the load to be taken right where your customer needs it, and this ability to provide full-service deliveries to precise locations provides a competitive edge.

**DOWNTIME** - MOFFETT's renowned reliability combined with industry leading safety features and technology is proven to reduce downtime, while our nationwide service network ensures that equipment is maintained by our team of factory-trained technicians.

**TRAINING** - Training and educating operators takes time, but the MOFFETT's leading-edge technology allows customers to manage their resources in the best way, whether the operator is highly experienced or a new employee without losing too much time.

**RELIABILITY** - MOFFETT's provide reliable industry leading features, ensuring the longevity and service life of your equipment.

**REVENUE** - MOFFETT truck mounted forklifts provide many cost benefits that are ideal for businesses with consistent, efficient operations. With a proven design, quality materials, game changing smart technology, and industry specific innovation, investing in MOFFETT equipment provides a total package for any industry. When you invest in MOFFETT, digital solutions and after-sales service are all part of the package.

### FEATURES THAT OPTIMIZE OPERATIONS

**Remote Ground Mount (RGM)** allows the operator to completely mount or dismount the MOFFETT without the need to climb onto or off of the forklift when it is off of the ground. The wireless remote control allows the operator to stay in a safe position during the mounting and dismounting process. This means staying out of the line of traffic or any other hazard on the jobsite. The 25 ft radio range allows for optimal visibility during this process.

The **seat belt drive-interlock system** now has additional alarm options to improve operator safety. The machine is now fitted with alarms, which trigger if the seat belt is not fastened and/or if the side door is not closed in the correct order. The seat presence alarm system is designed to help ensure operators wear the seat belt properly by invoking a 15 second delay in resetting the alarm if the seatbelt is fastened before the operator enters the seat.

The **free lift mast** on the MOFFETT M9 60.3 allows handling cages inside coops with low ceilings without increasing the mast height.

**Hydraulic oil coolers** and heavy duty cooling packages allow the M9 and LR70 to operate continuously in Live Haul and Live Receiving operations, requiring only periodic maintenance and clearing the feather screens.

LR70 models are available with **air conditioning** to compliment the enclosed cab, maximizing operator comfort.

Our extensive stock of parts at our **Regional Distribution Center** ensures next-day delivery on almost all items, reducing **downtime** and **saving you money**. The same team you trust to deliver high-quality, premium products to your exact requirements can also be trusted to keep you moving.

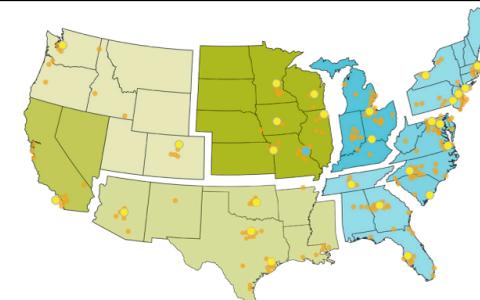

Hiab's **Leading Warranty** exceeds the industry's standard terms because our products are designed to last longer and provide many years of **reliable** service.

**EPA Tier 4 Compliant Power:** MOFFETT forklifts are equipped with an all new, technologically advanced engine that reduces harmful exhaust emissions while, simultaneously offering better fuel efficiency and more power. That means fuel cost savings and a smaller impact on the environment.

### HIAB USA LOCATIONS

#### Our commitment to you

Hiab is the world's leading provider of on-road load handling equipment, intelligent services, smart and connected solutions. Hiab's class-leading load handling equipment includes HIAB, EFFER and ARGOS loader cranes, LOGLIFT and JONSERED forestry and recycling cranes, MOFFETT and PRINCETON truck mounted forklifts, MULTILIFT skiploaders and hooklifts, and tail lifts under the ZEPRO, DEL, and WALTCO brands. As the industry pioneer and with a proud 75 year history, Hiab is committed to be the preferred partner and solution provider to its customers and shape the future of intelligent load handling. [www.hiab.com](http://www.hiab.com) Hiab is part of Cargotec Corporation. [www.cargotec.com](http://www.cargotec.com)

For all your sales and service needs, call our nationwide hotline at 419.482.6000 to find your nearest Hiab USA branch.

Hiab HiConnect™ is a web-based dashboard that displays insights on equipment usage, location, time in operation, idle time, and productivity level. By enabling new insights, it helps you to further increase efficiency, productivity, and safety. HiConnect is the latest technology in terms of connectivity capabilities. Being able to remotely access data is key to maximizing your business with facts instead of assumptions. HiConnect maintains constant contact with all units, giving fleet managers the ability to stop unsafe behavior and usage before an incident happens. With the ability to view service history and plan upcoming services, your fleet has minimum downtime and increases daily efficiencies.

## PRODUCT RANGE

## POULTRY RANGE TRUCK MOUNTED FORKLIFTS

## M4 36.3 NX

The low profile, lightweight and highly maneuverable design make carefully handling baby chicks a breeze.

Lifting capacity (lbs)	3 600
Lifting height (in)	86
Unladen weight (lbs)	3 820
Power (hp)	25
Drive wheels	3
Tires	23 8.5 - 12 (std)
Minimum overhang (in)	46
Overall height (in)	83

## M9 60.3 NX

The low profile, high speed and highly maneuverable design provides efficient and low maintenance handling of cages used in catching and live-haul operations.

Lifting capacity (lbs)	6 000
Lifting height (in) [Freelift]	124 [48]
Rotator (°)	23 CW / 40 CCW
Unladen weight (lbs)	7 690
Power (hp)	56
Drive wheels	3
Tires	31.5 x 13 - 16.5 (opt) 10 - 16.5 (std)
Minimum overhang (in)	64
Overall height (in)	81

## LR70

The elevated and offset seating position, combined with no clutches or service brakes to wear, out make this machine ideal for continuous use in live receiving operations.

Lifting capacity (lbs)	7 000
Lifting height (in)	132
Unladen weight (lbs)	12 500
Power (hp)	72
Drive wheels	3
Tires	27 x 10 - 12, 20-ply radial (std) 27 x 10 - 12, solid (opt)
Overall height (in)	104

## M8 70.3 NX PR

The offset seating position of this machine ensures visibility to the fork tips, which helps to minimize damage to protein recovery containers.

Lifting capacity (lbs)	5 500
Lifting height (in)	144
Unladen weight (lbs)	6 870
Power (hp)	56
Drive wheels	3
Tires	31 x 15.5 - 15, 12-ply
Overall height (in)	109
