

CONSERVAS PORTOMAR, S.L.U

Who we are?

Conservas Portomar, S.L.U. belongs to the Spanish group "Armadora Pereira", founded in 1955 and headquartered in Vigo. The main activity of the group is the fishing and transformation of fishery products in refrigerated and frozen versions.

Conservas Portomar is the new subsidiary of the group, since 2016, taking advantage of the synergies and potential in the different resources provided by a consolidated group and benchmark in the fishing sector, such as "Armadora Pereira".

We are specialists with a long experience in the selection of the best raw materials and in the artisan elaboration of all our products, practices that have been passed down from generation to generation to our team. Our preparations are cooked with 100% natural ingredients, without additives, colourings or preservatives, to enjoy unique flavours and very healthy products.
